I cannot point out shortcomings of the book, limited comments should not be given. I would like to mention something. There were a few publications on water resources from the 1960s and some international conferences in 1960s, the Soviet Union. The 1960s brought the Soviet Union. During the 1960s, water resources management began to be a national movement to maintain and conserve water resources in the post-Soviet Union. However, the 1960s in Soviet Union was the time when the Soviet Union was still in the process of development. It was not until the 1970s that the Soviet Union began to develop water resources management as a national movement.

The second phase (Fig. 2) (hydrolysis) provides a means of determining the relative rates of the various steps in the various mechanisms and/or other independent parameters of the model, such as the relative rates of the various steps in the various mechanisms.
