Menelaus in the Archaic Period Anna R. Stelow, 2020 While there have been many studies devoted to the heroes of Homeric epic the figure of Menelaus has remained notably overlooked This volume is the first book length study of the Homeric character taking a multidisciplinary approach to his depiction in the archaic Greek world through detailed analysis of literary visual and material evidence

The Trojan War and Its Aftermath: Four Epic Poems Retold David Bruce, 2024-04-01 The Trojan War and Its Aftermath Four Epic Poems Retold by David Bruce is a captivating retelling of the timeless tales surrounding the legendary conflict of the Trojan War and its far reaching consequences Drawing from ancient sources such as Homer's Iliad and Odyssey as well as other classical works Bruce weaves together a rich tapestry of myths heroes and gods to create a compelling narrative that brings the ancient world to life Through vivid prose and meticulous attention to detail Bruce guides readers through the epic events of the Trojan War from the famed duel between Achilles and Hector to the cunning stratagems of Odysseus and the tragic fall of Troy Along the way he introduces readers to a host of unforgettable characters from the valorous warriors to the cunning goddesses each with their own motivations and desires But Bruce's narrative doesn't end with the fall of Troy instead he explores the aftermath of the war and its impact on the heroes and heroines who survived From the trials of Odysseus as he struggles to find his way home to the tragic fate of the Trojan women Bruce delves deep into the human drama and emotional resonance of these timeless stories revealing the enduring power of myth to illuminate the human condition

Homer's Iliad: The Real Story John D. Martin, 2025-07-30 For the nearly three millennia since its creation the Iliad's Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer's imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war's glory the folly of the warriors who supposedly fight for it and the

amorality of the gods who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the Iliad's web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an Iliad which is not a prelude to Achilles' glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus' favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real Iliad is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author

Tragedy's End Francis M. Dunn, 1996 Euripides is a notoriously problematic and controversial playwright whose innovations according to Nietzsche brought Greek tragedy to an early death Francis Dunn here argues that the infamous and artificial endings in Euripides deny the viewer access to a stable or authoritative reading of the play while innovations in plot and ending opened tragedy up to a medley of comic parodic and narrative impulses Part One explores the dramatic and metadramatic uses of novel closing gestures such as aetiology closing prophecy exit lines of the chorus and deus ex machina Part Two shows how experimentation in plot and ending reinforce one another in Hippolytus Trojan Women and Heracles Part Three argues that in three late plays Helen Orestes and Phoenician Women Euripides devises radically new and untragic ways of representing and understanding human experience Tragedy's End is the first comprehensive study of closure in classical tragedy and will be of interest to students and scholars of classical literature drama and comparative literature

Greek Legends Mary Agnes Hamilton, 1916 **Agamemnon's Kiss** Inga Clendinnen, 2007-06-04 Inga Clendinnen writes about everything from the books that terrified her as a child to what history can teach us about ourselves and our times She recounts the experience of falling ill and the prospect of death And she writes movingly about people who have changed her life

Ancient Greek Beliefs Perry L. Communication, Love, and Death in Homer and Virgil Stephen Ridd, 2017-08-24 Homer's Iliad and Odyssey and

Virgil's Aeneid are three of the most important and influential works of Western classical literature. Although they differ in subject matter and authorship, these epic poems share a common purpose: to tell the deeds both of men and of the gods. Written in an accessible style and ideally suited for classroom use, *Communication, Love and Death in Homer and Virgil* offers a unique comparative analysis of these classic works. As author Stephen Ridd explains, the common themes of communication, love, and death respond to deeply ingrained human needs and are therefore of perennial interest. Presenting select passages from the original Greek and Latin texts translated here into modern English, Ridd explores in detail how the characters within the poems communicate on these subjects with one another as well as with the reader. Individual chapters focus on subjects such as the traditions of singing and storytelling, relationships between sons and mothers, the role of Helen of Troy and her ties to the men in her life, and communication with the dead. Throughout his analysis, Ridd treats the three poems on an equal basis, revealing similarities and differences in their handling of prevalent themes. By introducing readers to a new way of reading these abiding classics, *Communication, Love and Death in Homer and Virgil* enhances our appreciation of the imaginative world of ancient Greek and Roman epic poetry. *The Complete Plays of Jean Racine*, Jean Racine, 2011-10-25

This is the third volume of a projected translation into English of all twelve of Jean Racine's plays, only the third time such a project has been undertaken. For this new translation, Geoffrey Alan Argent has rendered these plays in the verse form that Racine might well have used had he been English, namely the heroic couplet. Argent has exploited the couplet's compressed power and flexibility to produce a work of English literature, a verse drama, as gripping in English as Racine's is in French. Complementing the translation are the illuminating Discussion, intended as much to provoke discussion as to provide it, and the extensive Notes and Commentary, which offer their own fresh and thought-provoking insights. In *Iphigenia*, his ninth play, Racine returns to Greek myth for the first time since *Andromache*. To Euripides's version of the tale, he adds a love interest between Iphigenia and Achilles. And dissatisfied with the earlier resolutions of the Iphigenia myth, her actual death or her eleventh-hour rescue by a *deus ex machina*, Racine creates a wholly original character, Eriphyle, who, in addition to providing an intriguing new denouement, serves the dual dramatic purpose of triangulating the love interest and galvanizing the wholesome family values of this play by a jolt of supercharged passion. *Euripides*, Frederick Apthorp Paley, 1874

Euripides, Euripides, 1876 **The Trojan War**, Diane P. Thompson, 2013-06-24 The Trojan War occurred more than 3,000 years ago. Since then, starting with Homer's epics, people have been writing, painting, sculpting, and creating music about this event and its participants. This book starts with an overview of the Bronze Age when the Trojan War occurred and then follows a selection of the major literature about this war from Homer down through the ages and on to the Internet. Each retelling of the Troy story is discussed in its historical context and includes a synopsis of the story itself. The ways of telling the story change over time. The main versions considered include Homer's *Iliad* and *Odyssey*, a selection of Classical Greek Dramas, especially *Iphigenia at Aulis*, Virgil's *Aeneid*, Chaucer's *Troilus and Criseyde*, Guido delle Colonne's *History of the*

Destruction of Troy Racine's Iphigenia at Aulis Goethe's Iphigenia in Tauris Shakespeare's Troilus and Cressida Joyce's Ulysses and two feminist Troy novels Sheri Tepper's The Gate to Women's Country and Marion Zimmer Bradley's The Firebrand Instructors considering this book for use in a course may request an examination copy here *Springs of Western Civilization* James A. Arieti, 2017-07-14 *Springs of Western Civilization* is a comparative exploration of the Hebraic and classical traditions that form our heritage In examining these traditions before they united James Arieti locates the catalyst for their bonding in two related circumstances adoption by the biblical world of an eclectic mélange of Platonism Aristotelianism and Stoicism that in the centuries on each side of the Common Era produced consensus models both of God and of a warmhearted individual and belief that the writings of Plato were literally true a belief that arose from failing to understand his playful metaphorical techniques of composition Among the many effects of the mingling of biblical and philosophical values was a refocusing of literature from the heroes of epic to the compassionate characters we recognize as Menschen
