Rather bad leadership is as ubiquitous as it is insidious and so must be more carefully examined and better understood Drawing on high profile contemporary examples from Mary Meeker to David Koresh Bill Clinton to Radovan Karadzic Al Dunlap to Leona Helmsley Kellerman explores seven primary types of bad leadership and dissects why and how leaders cross the line from good to bad The book also illuminates the critical role of followers revealing how they collaborate with and sometimes even cause bad leadership Daring and counterintuitive *Bad Leadership* makes clear that we need to face the dark side to become better leaders and followers ourselves Barbara Kellerman is research director of the Center for Public Leadership and a lecturer in public policy at the Kennedy School of Government Harvard University
