Environmental Education Teacher Resource Handbook

Richard J. Wilke,1993 From the Preface The Environmental Education Teacher Resource Handbook is one of a series of practical references for curriculum developers education faculty veteran teachers and student teachers The handbook is designed to provide information on the background of environmental education EE curriculum as well as current comprehensive information on publications standards and special materials for K 12 EE Think of this handbook as the first place to look when you are revising or developing your EE curriculum or if you need resource information on EE any time of the year This handbook does not seek to prescribe any particular form of curriculum nor does it follow any set of standards or guidelines Instead the book provides a general grounding in the EE curriculum so that you can use this information and then proceed in the direction best suited for your budget your school and your district What this handbook gives you is a sense of the numerous options that are available it is up to you to use the information to develop the appropriate curriculum or program for your situation

Integrative Pain Medicine Joseph F. Audette,Allison Bailey,2008-02-26 This important book fills a need in the developing area of Pain Medicine It provides physicians with an up to date resource that details the current understanding about the basic science underlying the mechanism of action of the various CAM therapies used for pain It summarizes the clinical evidence both for efficacy and safety and finishes with practical guidelines about how such treatments could be successfully and safely integrated into a Pain practice
