Harcourt School Publishers Math Harcourt School Publishers, 2011-10 **Minding the Achievement Gap One Classroom at a Time** Jane E. Pollock, Sharon M. Ford, Margaret M. Black, 2012. A companion to *Improving Student Learning One Teacher at a Time*, this book identifies small, specific adjustments to planning, teaching, and assessment practices that will support more effective learning in every student every day and help close the achievement gap on a classroom-by-classroom basis. (from publisher description) *Deeper Learning* James A. Bellanca, 2014-11-14. Education authorities from around the globe explore deeper learning, a process that promotes higher-order thinking, reasoning, and problem-solving to better educate students and prepare them for college and careers. Relying on research as well as their own experience, the authors show how to use intensive curriculum, instruction, assessment, and leadership practices to meet the needs of 21st-century learners. **PLC+** Douglas Fisher, Nancy Frey, John Almarode, Karen Florio-Ruane, Dave Nagel, 2019-05-16. What makes a powerful and results-driven Professional Learning Community (PLC)? The answer is collaborative work that expands the emphasis on student learning and leverages individual teacher efficacy into collective teacher efficacy. PLC: Better Decisions and Greater Impact by Design calls for strong and effective PLCs, plus, and that plus is YOU. Until now, the PLC movement has been focused almost exclusively on students and what they were or were not learning. But keeping student learning at the forefront requires that we also recognize the vital role that you play in the equation of teaching and learning. This means that PLCs must take on two additional challenges: maximizing your individual expertise while harnessing the power of the collaborative expertise you can develop with your peers. PLC is grounded in four cross-cutting themes: a focus on equity of access and opportunity; high expectations for all students; a commitment to building individual self-efficacy and the collective efficacy of the professional learning community; and effective team activation and facilitation to move from discussion to action. The PLC framework supports educators in considering five essential questions as they work together to improve student learning: Where are we going? Where are we now? How do we move learning forward? What did we learn today? Who benefited and who did not benefit? The PLC framework leads educators to question practices as well as outcomes. It broadens the focus on

student learning to encompass educational equity and teaching efficacy and in doing so it leads educators to plan and implement learning communities that maximize individual expertise while harnessing the power of collaborative efficacy

Common Core Coaching Book Laurie Elish-Piper, Susan K. L'Allier, 2014-04-24 This book provides essential coaching tools to support teachers in planning and implementing instruction aligned with the Common Core State Standards (CCSS). The authors explain the key instructional shifts brought about by the CCSS in K-5 English language arts classrooms. Eighteen specific strategies for coaching large groups, small groups, and individual teachers are presented, including clear-cut procedures, vivid illustrative examples, and 26 reproducible forms. Grounded in research on adult learning, the book addresses common coaching challenges and how to overcome them. The large size format facilitates photocopying; purchasers also get access to a Web page where they can download and print the reproducible materials.
