

MARK SCHEME for the May/June 2014 series

4024 MATHEMATICS

4024/12

Paper 1, maximum raw mark 80

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2014 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Historians on John Gower Stephen Henry Rigby,Siân Echard,2019 John Gower s poetry offers an important and immediate response to the turbulent events of his day The essays here examine his life and his works from an historical angle bringing out fresh new insights The late fourteenth century was the age of the Black Death the Peasants Revolt the Hundred Years War the deposition of Richard II the papal schism and the emergence of the heretical doctrines of John Wyclif and the Lollards These social political and religious crises and conflicts were addressed not only by preachers and by those involved in public affairs but also by poets including Chaucer and Langland Above all though it is in the verse of John Gower that we find the most direct engagement with contemporary events Yet surprisingly few historians have examined Gower s responses to these events or have studied the broader moral and philosophical outlook which he used to make sense of them Here a number of eminent medievalists seek to demonstrate what historians can add to our understanding of Gower s poetry and his ideas about society the nobility and chivalry the peasants and the 1381 revolt urban life and the law the Church the clergy

papacy Lollardy monasticism and the friars gender masculinity and women and power politics political theory and the deposition of Richard II and science and astronomy The book also offers an important reassessment of Gower's biography based on newly discovered primary sources STEPHEN RIGBY is Emeritus Professor of Medieval Social and Economic History at the University of Manchester SIAN ECHARD is Professor of English University of British Columbia Contributors Mark Bailey Michael Bennett Martha Carlin James Davis Seb Falk Christopher Fletcher David Green David Lepine Martin Heale Katherine Lewis Anthony Musson Stephen Rigby Jens R hrkasten
