

4. What is Ponyboy trying to suggest when he says he and Cherry see the same sunset?
 - A) that he and Cherry share a poetic romanticist's view of the world
 - B) that he might be developing romantic feelings for her
 - C) that they share a goal to attend the same college and not return
 - D) that their two social groups aren't as different as everyone thinks
5. The Socs threaten to cut off Ponyboy's hair. Why would a greaser find that threat harmful or intimidating?
6. Why do Cherry and Marsie become frustrated with Bob and Randy at the beginning of their date at the drive-in?
7. What warning does Two-Bit bring to the drive-in for Dally?
8. What prompts Ponyboy to return to the vacant lot and consider running away?

Discussion Suggestion: Use this question to introduce discussion on Ponyboy's conflicts within the first three chapters. Review or present the difference between internal conflict and external conflict. List Ponyboy's various conflicts in these early chapters, analyzing whether each one is internal or external.

Quiz Answers:

1. C. Cherry tells him he should have known better than to try walking alone at night.
2. A. Ponyboy assumes Darry thinks of him as a burden to support, feed, and supervise.
3. B. Bob returns to the drive-in; it turns out he is Cherry's boyfriend. Johnny recognizes him as the Soc who cut his face badly when he was attacked four months before.
4. D. Ponyboy is hurt when Cherry tells him she probably won't talk to him in front of others, and he tries to remind her that their social groups have some things in common.
5. Some greasers wear their hair long as a symbol of pride and marker of their identity. It also represents loyalty to their social group.
6. Bob and Randy brought alcohol. They drove away for a while when the girls became angry.
7. Tim Shepard's gang wants to fight Dally because he was caught stealing their tires.

Environmental Problem Solving Jeffrey W. Hughes,2013-08-02 As environmental problems become increasingly complex it is critical that students and activists learn the skills with which to address them Although there already are many case studies of actual issues only in the last few years have environmental scientists paid close attention to their resolution Environmental Problem Solving teaches these skills Jeffrey W Hughes creates an organized method for approaching problems understanding larger issues and crafting solutions to a wide range of contemporary environmental issues Many environmental activists often have preconceived ideas of environmental protection and problem solving They react emotionally to news of deforestation a new housing development or a planned big box store without thinking about the problem logically and they may automatically regard foresters development companies and corporations as opponents As their views harden discourse turns acrimonious and it becomes ever more difficult to find satisfactory solutions This book teaches those on both sides of the table to address their own preconceptions and approach hard issues critically methodically and fairly Hughes combines aspects of the decision making process from the fields of business management and communication science based on extensive research and ample practical experience in the field and classroom He creates a logical framework to help guide thinking from identifying a problem to finding its solution Using examples drawn from real life situations Environmental Problem Solving will become an invaluable guide for environmentalists agency professionals consultants students naturalists and concerned citizens

Schofield, 2010-11 Joseph Priestley 1733 1804 is one of the major figures of the English Enlightenment A contemporary and friend of Benjamin Franklin and Thomas Jefferson he exceeded even these polymaths in the breadth of his curiosity and learning Yet no one has attempted an all inclusive biography of Priestley probably because he was simply too many persons for anyone easily to comprehend in a single study Robert Schofield has devoted a lifetime of scholarship to this task The result is a magisterial book covering the life and works of Priestley during the critical first forty years of his life Although Priestley is best known as a chemist this book is considerably more than a study in the history of science As any good biographer must Schofield has thoroughly studied the many activities in which Priestley was engaged Among them are theology electricity chemistry politics English grammar rhetoric and educational philosophy Schofield situates Priestley the provincial dissenter within the social political and intellectual contexts

of his day and examines all the works Priestley wrote and published during this period Schofield singles out the first forty years of Priestley's life because these were the years of preparation and trial during which Priestley qualified for the achievements that were to make him famous The discovery of oxygen the defenses of Unitarianism and the political liberalism that characterize the mature Priestley all are foreshadowed in the young Priestley A brief epilogue looks ahead to the next thirty years when Priestley was forced out of England and settled in Pennsylvania the subject of Schofield's next book But this volume stands alone as the definitive study of the making of Joseph Priestley

Literacy Acquisition in School in the Context of Migration and Multilingualism Inken Sürig, Yazgül Şimşek, Christoph Schroeder, Anja Boness, 2016-07-22 This book presents the outcomes of a multi methodical investigation of the processes of literacy acquisition The focus is on mono and bilingual first and seventh graders in schools in socially underprivileged areas of two major cities in Turkey and Germany By means of extensive analyses of lesson videos linguistic tests interviews and ethnographic research social cultural linguistic pedagogic and didactic differences on the international national local and individual level are aligned with the momentary problem of exercising a school lesson and acquiring literacy on a daily basis The results contradict to some degree that cultural and linguistic differences actually make a huge difference in the organisation and process of literacy acquisition With the interdisciplinary background of the book it addresses academics concerned with migration sociology migration linguistics classroom research and bilingual education In a broader perspective the book contributes to the pedagogically and politically significant question how social and cultural characteristics of specific groups are stereotyped and partly unjustly combined in order to reach symbolic solutions for actual problems
