299 Days The War:

299 Days: The War Glen Tate, 2014-03-24 For many people at Pierce Point and the rest of Washington State the upcoming New Year is a time for hope and belief that life is going to improve and the Collapse will end For Grant Matson and the 17th Irregulars the New Year means only one thing war The time has come and they have received their orders from HQ Grant must come clean with Lisa and tell her the truth about his work as he plans to abandon his family once again While the Loyalists drunkenly and selfishly celebrate New Year s Eve the Patriots mount a surprise attack on Frederickson making way for the 17th Irregulars to move toward Olympia As the battle moves on the men quickly realize the importance of everything they have been training for when they find themselves ambushed Doing everything he can to suppress his own fear and lead the 17th Irregulars Grant motivates them to persevere as they fight for liberty and restoring the country to the greatness it once was

299 Days: The Restoration Glen Tate, 2014-07-31 When the Patriots finally launch their strike against the Loyalists Grant Matson s leadership bravery and training are put to the ultimate test The 17th Irregulars are teamed up with regular military units and they must put their differences aside in order to successfully overthrow the Limas While the battle rages on the Loyalists outside of Olympia start to pay the price for their allegiances to the wrong side of the Collapse while well intentioned others welcome the beginning of New Washington that recognizes fairness and hard work The battle winds down and a new day begins as the Team recognizes that victory does not come without loss Grant now a celebrated war hero is not without his own personal hardships and fears facing a new life without his family

299 Days: The 43 Colonels Glen Tate, In this final book of the 299 Days series The 43 Colonels celebrates the many ordinary men and women who did extraordinary things during and after the Collapse Set in the chambers of the New Washington Legislature during a joint session of the House and Senate Governor Ben Trenton honors Colonel Grant Matson and 42 other individuals who helped start the Restoration From a personal trainer who became a spy disguised as a water boy to a homeschooling mom who protected children s minds from Loyalist propaganda to a young computer hacker who used his skills to get classified information to Oath Keepers and a Special Forces operative who conducted some amazing missions the stories of these modern day Patriots both heart wrenching and inspirational demonstrate how anyone can help in a revolution

Monty and Rommel Peter Caddick-Adams, 2013-09-24 An accessible well honed study of two fascinating characters who famously fought each other in numerous battles during WWII from Egypt to D Day Kirkus Bernard Montgomery and Erwin Rommel faced one another in a series of extraordinary battles that established each man as one of the greatest generals in history Born four years apart their lives were remarkably similar Each came from provincial roots nearly died in WWI yet emerged from that great conflict with glowing records Through their many duels including their legendary conflicts in North Africa and later at the Normandy D Day invasion Peter Caddick Adams tracks and compares their military talents and personalities Monty and Rommel explores how each general was raised to power by their war leaders Churchill and Hitler and how the innovative

military strategy and thought of both permeate down to today's armies *The War Pensions Gazette*, 1917 **Never Surrender** John Kelly, 2015-10-20 A remarkably vivid account of a key moment in Western history The critical six months in 1940 when Winston Churchill and his cabinet debated whether England should fight Nazi Germany and then decided to never surrender Amazon.com Journals of the House of Commons Great Britain House of Commons, 1803 **Report of the United States Coal Commission** United States Coal Commission, 1925 *Dark Waters, Starry Skies* Jeffrey Cox, 2023-03-02 Esteemed Pacific War historian Jeffrey Cox has produced a fast paced and absorbing read of the crucial New Georgia phase of the Guadalcanal Solomons Campaign during the Pacific War Thousands of miles from friendly ports the US Navy had finally managed to complete the capture of Guadalcanal from the Japanese in early 1943 Now the Allies sought to keep the offensive momentum won at such a high cost Determined not to repeat their mistakes at Guadalcanal the Allies nonetheless faltered in their continuing efforts to roll back the Japanese land air and naval forces *Dark Waters, Starry Skies* is an engrossing history which weaves together strategy and tactics with a blow by blow account of every battle at a vital point in the Pacific War that has not been analyzed in this level of detail before Using first hand accounts from both sides this book vividly recreates all the terror and drama of the nighttime naval battles during this phase of the Solomons campaign and the ferocious firestorm many Marines faced as they disembarked from their landing craft The reader is transported to the bridge to stand alongside Admiral Walden Ainsworth as he sails to stop another Japanese reinforcement convoy for New Georgia and vividly feels the fear of an 18 year old Marine as he fights for survival against a weakened but still determined enemy

Revolutions and Revolutionary Movements James DeFronzo, 2018-05-04 With crucial insights and indispensable information concerning modern day political upheavals *Revolutions and Revolutionary Movements* provides a representative cross section of the most significant revolutions of the twentieth and twenty first centuries This Fifth Edition is revised and updated with a new chapter on the Arab Revolution from its beginning in December 2010 to the present In this widely used text students can trace the historical development of eleven revolutions using a five factor analytical framework Author James DeFronzo clearly explains all relevant concepts and events the roles of key leaders and the interrelation of each revolutionary movement with international economic and political developments and conflicts including World Wars I and II the Cold War and the War on Terror Student resources include multiple orienting maps summary and analysis sections suggested readings chronologies and documentary resources *Warring Friends* Jeremy Pressman, 2012-11-09 Allied nations often stop each other from going to war Some countries even form alliances with the specific intent of restraining another power and thereby preventing war Furthermore restraint often becomes an issue in existing alliances as one ally wants to start a war launch a military intervention or pursue some other risky military policy while the other ally balks In *Warring Friends* Jeremy Pressman draws on and critiques realist normative and institutionalist understandings of how alliance decisions are made Alliance restraint often has a role to play both in the genesis of alliances and in their continuation

As this book demonstrates an external power can apply the brakes to an incipient conflict and even unheeded advice can aid in clarifying national goals The power differentials between allies in these partnerships are influenced by leadership unity deception policy substitutes and national security priorities Recent controversy over the complicated relationship between the U S and Israeli governments especially in regard to military and security concerns is a reminder that the alliance has never been easy or straightforward Pressman highlights multiple episodes during which the United States attempted to restrain Israel s military policies Israeli nuclear proliferation during the Kennedy Administration the 1967 Arab Israeli War preventing an Israeli preemptive attack in 1973 a small Israeli operation in Lebanon in 1977 the Israeli invasion of Lebanon in 1982 and Israeli action during the Gulf War of 1991 As Pressman shows U S initiatives were successful only in 1973 1977 and 1991 and tensions have flared up again recently as a result of Israeli arms sales to China Pressman also illuminates aspects of the Anglo American special relationship as revealed in several cases British nonintervention in Iran in 1951 U S nonintervention in Indochina in 1954 U S commitments to Taiwan that Britain opposed 1954 1955 and British intervention and then withdrawal during the Suez War of 1956 These historical examples go far to explain the context within which the Blair administration failed to prevent the U S government from pursuing war in Iraq at a time of unprecedented American power

The Counter Case of Great Britain as Laid Before the Tribunal of Arbitration Convened at Geneva ... Great Britain,1872 Passchendaele Paul Ham,2016-10-03 Passchendaele epitomises everything

that was most terrible about the Western Front The photographs never sleep of this four month battle fought from July to November 1917 the worst year of the war blackened tree stumps rising out of a field of mud corpses of men and horses drowned in shell holes terrified soldiers huddled in trenches awaiting the whistle The intervening century the most violent in human history has not disarmed these pictures of their power to shock At the very least they ask us on the 100th anniversary of the battle to see and to try to understand what happened here Yes we commemorate the event Yes we adorn our breasts with poppies But have we seen Have we understood Have we dared to reason why What happened at Passchendaele was the expression of the wearing down war the war of pure attrition at its most spectacular and ferocious Paul Ham s Passchendaele Requiem for Doomed Youth shows how ordinary men on both sides endured this constant state of siege with a very real awareness that they were being gradually deliberately wiped out Yet the men never broke they went over the top when ordered again and again and again And if they fell dead or wounded they were casualties in the normal wastage as the commanders described them of attritional war Only the soldier s friends at the front knew him as a man with thoughts and feelings His family back home knew him as a son husband or brother before he had enlisted By the end of 1917 he was a different creature his experiences on the Western Front were simply beyond their powers of comprehension The book tells the story of ordinary men in the grip of a political and military power struggle that determined their fate and has foreshadowed the destiny of the world for a century Passchendaele lays down a powerful challenge to the idea of war as an inevitable expression of the human will and examines the culpability of governments and military commanders in a catastrophe that destroyed the best part of a generation **American Civics Handbook** Ralph Richard Upton,1907
