## 29 Argyle Drive:

**29 Argyle Drive** David Turri, 2014-10-18 29 Argyle Drive was the address of an old house that used to stand in the hills above Sumner a seaside suburb of Christchurch New Zealand For nearly fifteen years the house remained on the market but unsold until early in 2010 it is bought by a retired teacher as new premises for the English language school he ran But that house would have been better left in the neglected state into which it had fallen the unseen things that infested it would have been better left undisturbed This is the story of the disturbance at 29 Argyle Drive of the events that happened the people involved and of the victims Especially it chronicles the psychic investigation of the house in April by Barbara Keel one of New Zealand's foremost mediums The investigation reveals a secret that has been buried for forty years something tragic and horrifying that brings shame and grief to many residents of The Garden City The investigation also leads to a shocking incident in its quiet and peaceful streets In the wake of that incident the world's media descends on Christchurch 29 Argyle Drive is christened The Hell House and the place where evidence of the tragedy was found The Hell Hole While people obsessive about such things kept the topic alive on the internet with theories of a conspiracy by Christchurch police to cover up the true nature of what had happened and with esoteric discussions about the nature of spiritual as opposed to demonic possession the general public eventually grows tired of it all and the reporters and the camera crews go back to where they came from But what had been in the house whatever its nature was still there and it shows itself again in December 2010 with another brutal incident as horrific as the one in April The media flocks back This time the headlines read Jack's House and Jack Lives Here But the cameras return to a far less friendly city In September a severe earthquake had robbed the citizens of Christchurch of their peace of mind Although the quake caused almost no loss of life the aftershocks continue traumatizing the population leaving it resentful at becoming again the center of a media frenzy The people are sustained through those months of daily and violent aftershocks by the old adage that lightning never strikes twice in the same space That would be unthinkable But the unthinkable happens The story has been a tale of the occult but it ends as a requiem for the people of Christchurch and the real terror that befell the city on February 22 2011      Proceedings of the Royal Philosophical Society of Glasgow Royal Philosophical Society of Glasgow, 1917      *Proceedings of the Royal Philosophical Society of Glasgow*, 1918      **Glasgow post-office directory [afterw.] Post office Glasgow directory**, 1863      **A List of the Patrons, Officers, Committees, Governors & Subscribers** Royal Masonic Institution for Boys, 1929      **The Municipal Year Book of the United Kingdom for ...**, 1922      **The Municipal Year Book and Public Services Directory**, 1922      **The Municipal Year Book and Public Utilities Directory** Sir Robert Donald, 1922      The Electrician Electrical Trades Directory and Handbook, 1915      Transactions of the Highland and Agricultural Society of Scotland Royal Highland and Agricultural Society of Scotland, 1928      **Prize-essays and Transactions of the Highland and Agricultural Society of Scotland** Royal Highland and Agricultural Society of Scotland, Edinburgh, 1928
