Hong Kong Professional Services and the Belt and Road Initiative Linda Chelan Li, Phyllis Lai Lan Mo, 2023-03-03 This book scrutinizes the role of Hong Kong in the expansive and contested vision of China's Belt and Road Initiative BRI In two main parts it first discusses the defining features of the BRI and the evolving expectations of the role of Hong Kong in the BRI from the perspectives of policy makers and the professional sectors of accountancy finance and the law The second part contemplates the potential opportunities for Hong Kong from the perspectives of recipient countries Sri Lanka Vietnam Cambodia and Myanmar Utilizing an action research approach and engaging the views of a broad spectrum of actors the authors observe the critical role of agency and innovations in a context of institutional contradictions the impact of BRI governance structure for the deficits in international participation gaps between grand state visions and commercial interests and the salience of effective communication in navigating complex policy initiatives Taking these together unpacks the complex processes shaping Hong Kong's participation and role in the BRI This book will appeal to students and researchers interested in the BRI and Hong Kong in the contexts of institutional contradictions agency innovations and political dynamics as well as sustainable development

Coal Wars Richard Martin, 2015-04-14 Since the late 18th century when it emerged as a source of heating and later steam power coal has brought untold benefits to mankind Even today coal generates almost 45 percent of the world's power Our modern technological society would be inconceivable without coal and the energy it provides Unfortunately that society will not survive unless we wean ourselves off coal The largest single source of greenhouse gases coal is responsible for 43 percent of the world's carbon emissions Richard Martin author of SuperFuel argues that to limit catastrophic climate change we must find a way to power our world with less polluting energy sources and we must do it in the next couple of decades or else it is game over It won't be easy as coal plants shut down across the United States and much of Europe turns to natural gas coal use is growing in the booming economies of Asia particularly China and India Even in Germany where nuclear power

stations are being phased out in the wake of the Fukushima accident coal use is growing Led by the Sierra Club and its ambitious Beyond Coal campaign environmentalists hope to drastically reduce our dependence on coal in the next decade But doing so will require an unprecedented contraction of an established lucrative and politically influential worldwide industry Big Coal will not go gently And its decline will dramatically change lives everywhere from Appalachian coal miners and coal company executives to activists in China s nascent environmental movement Based on a series of journeys into the heart of coal land from Wyoming to West Virginia to China s remote Shanxi Province hundreds of interviews with people involved in or affected by the effort to shrink the industry and deep research into the science technology and economics of the coal industry Coal Wars chronicles the dramatic stories behind coal s big shutdown and the industry s desperate attempts to remain a global behemoth A tour de force of literary journalism Coal Wars will be a milestone in the climate change battle

Foolishness to Gentiles Michael L. Budde,2022-01-06 What happens to the Gospel when you put other loyalties into positions of power in Christian life and practice You get deformations distortions and caricatures of Christianity killing in the name of love defense of worldwide systems of domination idolization of the nation instead of the membership in the global body of Christ and baptism of exploitative and destructive economic ideologies You get much of what world sees as contemporary Christianity in other words Too often however the inadequacies of contemporary Christian life especially in the United States are seen as separate issues in need of improvement or reform Foolishness to Gentiles invites readers to see the pathologies of the churches not as a series of disconnected problems but predictable outcomes of deep defects of Christian formation commitments and theology Having mortgaged so much of the integrity of the Gospel in the pursuit of imperial and national citizenship and having allowed the powers of race and capital to divide the unity of the church Foolishness to Gentiles calls Christians into deeper reflection repentance and redirection In a series of essays new and previously unpublished previously unpublished in English and published previously in specialized venues Foolishness to Gentiles opens doors to deeper theological and socio political reflection and some guideposts for more adequate practices of Christian discipleship in a variety of contexts and circumstances **Revised Code of Washington** Washington (State),2021

Environmental Policy Michael E. Kraft,Barry G. Rabe,Norman J. Vig,2023-10-20 As environmental issues continue to become more prevalent in society and surrounding policy challenges become more complex Environmental Policy once again brings together top scholars to evaluate the changes and continuities in American environmental policy since the late 1960s and their implications for current policy Students will learn to decipher the underlying trends institutional constraints and policy dilemmas that shape today s environmental politics as they evaluate approaches to future challenges **The Upstarts** Brad Stone,2017-01-31 A look deep inside the new Silicon Valley from the New York Times bestselling author of The Everything Store Ten years ago the idea of getting into a stranger s car or a walking into a stranger s home would have seemed bizarre and dangerous but today it s as common as ordering a book online Uber and Airbnb have ushered in a new

era redefining neighborhoods challenging the way governments regulate business and changing the way we travel In the spirit of iconic Silicon Valley renegades like Steve Jobs and Bill Gates another generation of entrepreneurs is using technology to upend convention and disrupt entire industries These are the upstarts idiosyncratic founders with limitless drive and an abundance of self confidence Led by such visionaries as Travis Kalanick of Uber and Brian Chesky of Airbnb they are rewriting the rules of business and often sidestepping serious ethical and legal obstacles in the process The Upstarts is the definitive story of two new titans of business and a dawning age of tenacity conflict and wealth In Brad Stone s riveting account of the most radical companies of the new Silicon Valley we discover how it all happened and what it took to change the world

Social and Administrative Aspects of Pharmacy in Low- and Middle-Income Countries Mohamed Izham Mohamed Ibrahim, Albert Wertheimer, Zaheer-Ud-Din Babar, 2017-10-24 Social and Administrative Aspects of Pharmacy in Low and Middle Income Countries Present Challenges and Future Solutions examines the particularities of low and middle income countries and offers solutions based on their needs culture and available resources Drawing from the firsthand experience of researchers and practitioners working in these countries this book addresses the socio behavioral aspects of pharmacy and health pharmacoeconomics pharmaceutical policy supply management and marketing pharmacoepidemiology and public health pharmacy specific to low and middle income countries While some practices may be applied appropriately in disparate places too often pharmacy practice in low and middle income countries is directly copied from successes in developed countries despite the unique needs and challenges low and middle income countries face Examines key issues and challenges of pharmacy practice and the pharmaceutical sector specific to low and middle income countries Compares pharmacy practice in developed and developing countries to highlight the unique challenges and opportunities of each Provides a blueprint for the future of pharmacy in low and middle income countries including patient centered care evidence based care and promoting the role of the pharmacist for primary health care in these settings

Power Grid Operation in a Market Environment Hong Chen, 2016-11-14 Covers the latest practices challenges and theoretical advancements in the domain of balancing economic efficiency and operation risk mitigation This book examines both system operation and market operation perspectives focusing on the interaction between the two It incorporates up to date field experiences presents challenges and summarizes the latest theoretic advancements to address those challenges The book is divided into four parts The first part deals with the fundamentals of integrated system and market operations including market power mitigation market efficiency evaluation and the implications of operation practices in energy markets The second part discusses developing technologies to strengthen the use of the grid in energy markets System volatility and economic impact introduced by the intermittency of wind and solar generation are also addressed The third part focuses on stochastic applications exploring new approaches of handling uncertainty in Security Constrained Unit Commitment SCUC as well as the reserves needed for power system operation The fourth part provides ongoing efforts of utilizing transmission facilities to

improve market efficiency via transmission topology control transmission switching transmission outage scheduling and advanced transmission technologies Besides the state of the art review and discussion on the domain of balancing economic efficiency and operation risk mitigation this book Describes a new approach for mass market demand response management and introduces new criteria to improve system performance with large scale variable generation additions Reviews mathematic models and solution methods of SCUC to help address challenges posed by increased operational uncertainties with high penetration of renewable resources Presents a planning framework to account for the value of operational flexibility in transmission planning and to provide market mechanism for risk sharing Power Grid Operations in a Market Environment Economic Efficiency and Risk Mitigation is a timely reference for power engineers and researchers electricity market traders and analysts and market designers *National Union Catalog* ,1956 Includes entries for maps and atlases

Autocracy Rising Javier Corrales,2023-02-06 How Nicol s Maduro reinvented authoritarianism for the twenty first centuryVenezuela which once enjoyed periods of democratically elected governments in the latter half of the twentieth century has descended into autocratic rule coupled with economic collapse In his new book Autocracy Rising veteran scholar of Latin American politics Javier Corrales explores how and why this happened Corrales focuses on two themes party systems and institutional capacity He argues that Venezuela s democratic backsliding advanced when the ruling party obtained far too much electoral clout while the opposition fragmented The state then took control of formerly independent agencies of the state This allowed the ruling party to use and abuse of the law to favor the president which in turn generated a permanent economic crisis After succeeding Hugo Ch vez in 2013 Nicol s Maduro confronted unexpectedly another change in the party system a rising opposition This triggered deeper autocratization To survive the state was compelled to modernize autocratic practices and seek alliances with sinister partners In short Maduro concentrated power paradoxically by sharing power Autocracy Rising compares what occurred in Venezuela to twenty other cases throughout Latin America where presidents were forced out of office Corrales illuminates the depressing cycle in which semi authoritarian regimes become increasingly autocratic in response to crisis only to cause new crises that lead to even greater authoritarianism *Agribusiness Management* Freddie L. Barnard,John Foltz,Elizabeth A. Yeager,2016-03-10 Today s food and agribusiness managers operate in a rapidly changing highly volatile international high technology consumer focused world Agribusiness Management helps prepare students and managers for a successful career in this new world of food and fiber production and marketing This text uses four specific approaches to help readers develop and enhance their capabilities as agribusiness managers First it offers a contemporary focus that reflects the issues that agribusiness managers face today and are likely to face tomorrow Second the book presents conceptual material in a pragmatic way with illustrations and examples that will help the reader understand how a specific concept works in practice Third the book has a decision making emphasis providing contemporary tools that readers will find useful when making decisions in the contemporary business environment Finally Agribusiness

Management offers a pertinent set of discussion questions and case studies that will allow the reader to apply the material covered in real world situations This fifth edition of Agribusiness Management has been updated throughout and continues to provide students and adult learners with an essential understanding of what it takes to be a successful agribusiness manager in today's rapidly evolving highly unpredictable marketplace

The Perennials Mauro F. Guillén, 2023-08-22 Get the best from accelerating social change with the new book from the bestselling author of 2030 and acclaimed thought leader Kirkus Mauro Guillén Adam Grant praises how the book invites us to rethink our careers our families and our future plans Find out why business leaders and bestselling authors around the world are calling the book sharply relevant and necessary William P. Lauder insightful and deeply researched Richard Florida and A must read Mohammed A. El-Erian In today's world the acceleration of megatrends increasing longevity and the explosion of technology among many others are transforming life as we now know it In The Perennials bestselling author of 2030 Mauro Guillén unpacks a sweeping societal shift triggered by demographic and technological transformation Guillén argues that outmoded terms like Boomers Gen X Millennials and Gen Z have long been used to pigeonhole us into rigid categories and life stages artificially preventing people from reaching their full potential A new postgenerational workforce known as perennials individuals who are not pitted against each other either by their age or experience makes it possible to liberate scores of people from the constraints of the sequential model of life and level the playing field so that everyone has a chance at living a rewarding life Guillén unveils how this generational revolution will impact young people just entering the workforce as well as those who are living and working longer This multigenerational revolution is already happening and Mauro Guillén identifies the specific cultural organizational and policy changes that need to be made in order to switch to a new template and usher in a new era of innovation powered by the perennials

The Teleoscopic Polity Tom D. Dillehay, 2014-01-30 This volume provides an up to date and in depth summary and analysis of the political practices of pre-Columbian communities of the Araucanians or Mapuche of south central Chile and adjacent regions This synthesis draws upon the empirical record documented in original research as well as a critical examination of previous studies By applying both archaeological and ethnohistorical approaches the latter including ethnography this volume distinguishes itself from many other studies that explore South American archaeology Archaeological and traditional historical narratives of the pre-European past are considered in their own terms and for the extent to which they can be integrated in order to provide a more rounded and realistic understanding than otherwise of the origins and courses of ecological economic social and political changes in south central Chile from late pre-Hispanic times through the contact period and up to Chile's independence from Spain ca AD 1450-1810 Both the approach and the results are discussed in the light of similar situations elsewhere Throughout its treatment the volume continually comes back to two central questions 1 how did the varied practices institutions and worldviews of the Mapuche's ancient communities emerge as a historical process that resisted the Spanish empire for more than 250 years and 2 how were these communities

reproduced and transformed in the face of ongoing culture contact and landscape change during the early Colonial period These questions are considered in light of contemporary theoretical concepts regarding practice landscape environment social organization materiality and community that will make the book relevant for students and scholars interested in similar processes elsewhere [The National Union Catalog, Pre-1956 Imprints](#) Library of Congress, American Library Association.

Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1968 **Political Ecology of Tourism** Mary Mostafanezhad, Roger Norum, Eric J. Shelton, Anna Thompson-Carr, 2016-01-08 Why has political ecology been assigned so little attention in tourism studies despite its broad and critical interrogation of environment and politics As the first full length treatment of a political ecology of tourism the collection addresses this lacuna and calls for the further establishment of this emerging interdisciplinary subfield Drawing on recent trends in geography anthropology and environmental and tourism studies Political Ecology of Tourism Communities Power and the Environment employs a political ecology approach to the analysis of tourism through three interrelated themes Communities and Power Conservation and Control and Development and Conflict While geographically broad in scope with chapters that span Central and South America to Africa and South Southeast and East Asia to Europe and Greenland the collection illustrates how tourism related environmental challenges are shared across prodigious geographical distances while also attending to the nuanced ways they materialize in local contexts and therefore demand the historically situated place based and multi scalar approach of political ecology This collection advances our understanding of the role of political economic and environmental concerns in tourism practice It offers readers a political ecology framework from which to address tourism related issues and themes such as development identity politics environmental subjectivities environmental degradation land and resources conflict and indigenous ecologies Finally the collection is bookended by a pair of essays from two of the most distinguished scholars working in the subfield Rosaleen Duffy foreword and James Igoe afterword This collection will be valuable reading for scholars and practitioners alike who share a critical interest in the intersection of tourism politics and the environment
