FOUR SEASONS

The four seasons are a wonderful part of nature that we experience throughout the year. Each season has its own special characteristics that make it unique and beautiful. Let's explore the four seasons together!

Spring is the season when the flowers start to bloom and the trees start to grow new leaves. It is also the season of rain, showers, and thunderstorms. The days start to get longer, and the temperatures start to warm up. Spring is a time of new beginnings and fresh starts.

Summer is the season of sunshine and warmth. It is the time when we can swim in the pool, have picnics, and play outside all day long. The trees are full of leaves, and the flowers are in full bloom. Summer is a time to enjoy the outdoors and have fun with family and friends.
