

COPD Case Study (answer key)

D.Z. a 68-year-old man, is admitted at 1600 to the medical floor, with a diagnosis of acute exacerbation of chronic obstructive pulmonary disease (COPD). His other medical history includes hypertension and type 2 diabetes. He has had pneumonia yearly for the past 3 years and has been a two-pack-a-day smoker for 38 years. His current medications, include enalapril, hydrochlorothiazide, metformin and fluticasone/salmeterol. He appears a cachectic man who is having difficulty breathing at rest. D.Z. seems irritable and anxious; he complains of sleeping poorly and states that lately he feels tired most of the time. He reports cough productive of copious amounts of tenacious, yellow-green sputum. You auscultate decreased breath sounds, expiratory wheezes and coarse crackles in both lower lobes anteriorly and posteriorly. His vital signs are 162/ 84 mmHg, 124 beats/minute, 36 breaths/minute, 102°F (38.9°C) and SpO₂ 88%.

- 1) Briefly describe chronic obstructive pulmonary disease (COPD). What pathophysiology is occurring in the lungs of a patient with COPD?

COPD is a preventable and treatable disease, but it is not reversible once lung function has declined. Due to cigarette smoking or long-term inhalation of noxious gases, the lungs become abnormally inflamed and alveoli become distended. COPD is a combination of emphysema, permanent enlargement of alveoli & alveolar wall destruction, and chronic bronchitis, a productive cough present for long periods of time. What ultimately happens is a loss of elastic recoil in the lungs and an inability to exhale CO₂. Patients with COPD also have increased mucous production.

- 2) What assessments (from above scenario) are indicative of DZ's COPD exacerbation?

Irritable and anxious- early sign of possible hypoxia
Fatigue
Productive cough w/ copious (large) amounts of tenacious (sticky & thick) yellow-green sputum
Lung sounds- decreased breath sounds, expiratory wheezes and coarse crackles in both lower lobes anteriorly and posteriorly
SpO₂ (pulse ox) of 88%
Respiratory rate 36 breaths/minute

- 3) What other assessments and/signs and symptoms would you look for that indicate respiratory distress?

Assess for retractions and accessory muscle use
Assess speech pattern-speaking in phrases
Assess level of fatigue
Assess for use of pursed lip breathing
Assess effectiveness of cough
Assess for any cyanosis

- 4) What other signs and symptoms are common for a patient with COPD?

Intermittent cough in morning with expectoration of sticky mucus
Progressive dyspnea
Activity intolerance (related to dyspnea)
Barrel chest
Wheezing, chest tightness
Weight loss, anorexia (cachectic)
Fatigue
Prolonged expiration/Pursed lip breathing
Hypercapnia
Clubbing of fingers

The Health Care Provider enters the following admission orders:

Admission Orders
Diet as Tolerated
Out of Bed with one-person assistance
Supplemental Oxygen via venturi mask at 28% concentration with humidification

13 Cpt Case Study Answer Key:

Cpt-4 Outpatient Coding Reference and Study Guide 2012 Rhit Kobayashi,2012-05 *Solutions to Critical Behavioral Issues in the Classroom* Hill M. Walker,2023-01-13 This highly practical reference is organized around the problem behaviors that elementary teachers see as the greatest barriers to student success and the positive behaviors they value the most Of particular value to educators the book matches proven intervention techniques to specific target behaviors Presented are exemplary strategies for managing such classroom challenges as defiance low motivation and aggression and for building all students skills for following directions staying on task coping with frustration and more The book clearly explains key principles of behavior management and includes case examples and reproducible handouts and forms

Emergency Room Coding Ba Kobayashi,2010-07 Emergency Room Coding will prepare you for the real world of coding in the emergency department setting The text provides the beginning coder with a solid foundation of how to code ER charts We focus on the diagnoses and procedures seen in the majority of community based hospitals The scenarios in this book are based on real life experiences and will provide the coder with situations s he will most likely encounter in the emergency room coding environment The study guide contains 32 emergency room records The case studies are representative of what is commonly treated in most emergency rooms Each case study contains an ER report and an answer worksheet The ER record serves as a good teaching tool for new coders because ER records do not require as much clinical background to code as inpatient records However some of the injury cases may present a challenge for new coders Also unlike most coding textbooks this study guide contains a complete ER report with a full explanation not just thumbnail sketches Therefore Emergency Room Coding is more realistic than the one to two line diagnostic statements encountered in most coding textbooks Finally the Answer Key for the case studies contains a rationale for all code assignments as well as directions for locating the correct diagnostic and procedure codes A multiple choice final review quiz is included at the end of this study guide as an opportunity for coders to test their coding skill set Emergency Room Coding is updated annually to reflect the annual coding changes Who is this book for Coders needing to develop ER coding skills Students Beginning coders trying to get their first job Anyone needing to understand ER code assignment Coding supervisors HIM Directors Auditors Compliance Officers Case Managers What s Inside 32 Case Studies Dictated ER Reports Answer Key Rationale Instructions on how to locate codes in ICD 9 Coding Book Final Exam Linda Kobayashi BA RHIT CCS has been a coder and coding manager for almost 20 years Since 1998 Ms Kobayashi has owned and operated Codebusters Inc a nationwide coding consulting company Widely regarded as a medical coding and auditing expert she has conducted workshops on a variety of coding topics including CCS Exam preparation workshops Throughout her career the author has remained professionally active as an AHIMA member as well as a member of her state association CHIA California health Information Association Her formal training includes a teaching credential from California State University Los Angeles a B A degree in English Literature from

University of California Los Angeles an RHIT from AHIMA after completing the RHIT program at East Los Angeles College and a CCS certificate from AHIMA Extensive experience as a hands on coder auditor and educator and has given the author the expertise to help coders prepare for the professional coding environment E&M Coding Clear & Simple Terri Ann Brame,2013-09-16 This easy to read text breaks these complex codes into manageable bite sized pieces Practice questions and real world case studies help you apply your knowledge and approach any coding situation with confidence

Compliance for Coding, Billing & Reimbursement Duane C. Abbey,James H. Handwerk,Mark J. Kaiser,2008-04-02 While the vast majority of providers never intend to commit fraud or file false claims complex procedures changing regulations and evolving technology make it nearly impossible to avoid billing errors For example if you play by HIPAA s rules a physician is a provider however Medicare requires that the same physician must be referred to as a supplier Even more troubling is the need to alter claims to meet specific requirements that may conflict with national standards Far from being a benign issue differing guidelines can lead to false claims with financial and even criminal implications *Compliance for Coding Billing Reimbursement Second Edition A Systematic Approach to Developing a Comprehensive Program* provides an organized way to deal with the complex coding billing and reimbursement CBR processes that seem to force providers to choose between being paid and being compliant Fully revised to account for recent changes and evolving terminology this unique and accessible resource covers statutorily based programs and contract based relationships as well as ways to efficiently handle those situations that do not involve formal relationships Based on 25 years of direct client consultation and drawing on teaching techniques developed in highly successful workshops Duane Abbey offers a logical approach to CBR compliance Designed to facilitate efficient reimbursements that don t run afoul of laws and regulations this resource Addresses the seven key elements promulgated by the OIG for any compliance program Discusses numerous types of compliance issues for all type of healthcare providers Offers access to online resources that provide continually updated information Cuts through the morass of terminology and acronyms with a comprehensive glossary Includes downloadable resources packed with regulations and information In addition to offering salient information illustrated by case studies Dr Abbey provides healthcare providers and administrators as well as consultants and attorneys with the mindset and attitude required to meet this very real challenge with savvy humor and perseverance **The Army Communicator** ,1995 Supply Management and Procurement Robert W. Turner,2011-10-10 Read the Reviews *Supply Management and Procurement* contains a wealth of practical knowledge and is a great resource to all who seek to excel in their study of supply chain best practices Les Long C P M A P P President Caterpillar Dealers of North America Purchasing Group *Supply Management and Procurement* is a book that imparts tremendous insight and tools for procurement professionals seeking best in class advantages for their companies in a simple understandable and practical approach Tom Middleton C P M A P P President Airport Purchasing Group About the Item Driven by a down economy and difficult economic realities many organizations are discovering that

what worked well in the past may not be what is needed now to move forward or even survive This comprehensive and analytical resource draws comparisons between practicing basic procurement and the more advanced modern principles of strategic supply management and clearly demonstrates how merely practicing the basic procurement principles and methods of the past in our new economy can lead to disastrous consequences This valuable guide shows readers how to attain best in class supply management performance to help insure survival and achieve competitive advantage For the individuals in the trenches actually doing the work it shows why strategic supply management and procurement practices are important to their jobs why and how to use them and what benefits can be derived from using them Supply Management and Procurement From the Basics to Best in Class contains proven tools and techniques and a wealth of information that procurement and supply management professionals at any level can use to improve both their organization s performance and their individual performance in real world situations they face on a daily basis This unique text is ideal for individual learning corporate training and academic course instruction Key Features Provides an extended source of knowledge tools and techniques to better understand the philosophy of strategic supply management and procurement and discusses how to facilitate implement and manage change from a basic procurement philosophy to a strategic supply management philosophy Emphasizes the value and benefit of integrating new concepts and philosophies into current operations for cost reduction and process improvement and increases in efficiencies that equate to higher profit margins and greater competitive advantage Examines the various analysis tools and techniques used by best in class strategic supply management organizations and elaborates on each one to demonstrate how to use these tools and techniques in real world situations so that readers can master them in practice Includes interactive case studies that present situational facts background information and research results and then asks readers to make decisions based on all the facts WAV offers a downloadable Incoterm responsibility chart a sourcing methodology model a best in class sourcing checklist and a comprehensive listing of supply and procurement terms and definitions available from the Web Added Value Download Resource Center at www.jrosspub.com

Geotechnical Abstracts ,1992 **Learning to Code with CPT/HCPCS 2011** Thomas Falen,Alice Noblin,Brandy Ziesemer,2010-12-06 3rd YEAR 2011 ANNUAL UPDATE Updated for 2011 this book will be the primary textbook for CPT HCPCS coding courses for Health Information Management HIM Medical Billing Insurance and Coding MBIC Health Information Technology HIT and Health Administration Services HSA programs Using a template similar to our Learning to Code with ICD 9 CM textbook this book teaches students how to code with CPT HCPCS using real world medical record examples [Study Guide for Jones & Bartlett Learning's Comprehensive Medical Assisting](#) Judy Kronenberger,Julie Ledbetter,2023-01-09 Master your course with the practice and hands on activities that will help you get ready for the medical office In this new edition of Study Guide for Jones Bartlett Learning s Comprehensive Medical Assisting the exercises and activities align with the most current Medical Assisting Education Review Board MAERB of the American Association of

Medical Assistants AAMA curriculum standards The Study Guide is divided into sections that coincide with the textbook and includes exercises that reinforce the knowledge and skills required of all Medical Assistants **MEDINFO 2015:**

EHealth-enabled Health I.N. Sarkar,A. Georgiou,P.
