Achieving Further Daniel Slosberg, 2016-01-07 Do you have students who are far ahead of their peers in math Are you a teacher who differentiates for those students by giving them additional topics but without knowing what topics they have already covered over the past years and without a plan for the topics they should cover in the next years Are you a head of department who wants to streamline differentiation throughout your math department to ensure talented students have a more uniform experience as they move from teacher to teacher and have a goal they are working towards year after year Are you a principal who wants to improve the results of your students in HL Math and to have students from your school start succeeding in HL Further Math If so this book describes a program to prepare IB Middle Years Program MYP students to enter the Diploma Program DP taking HL Further Math as their only math course The program is modeled on the ATYP program from Kalamazoo MI started by Carol McCarthy
