2013 Grade 11 Tourism Nov Dec Memorandum:

Presidential Leadership and National Security Richard S. Conley, 2017-10-31 This book assesses the foreign policy legacy of the Obama administration through the lens of national security and leadership. Timely accessible chapters authored by leading scholars of presidential and international politics cover White House Cabinet relations, Congress and War Powers challenges including the Iran nuclear deal, ISIS and the closing of Guantanamo Bay, drone strikes, the New Cold War with Russia, and the ways in which the Obama foreign policy legacy shaped the 2016 presidential election. In particular, the book explores the philosophical basis of counter terrorism strategy in the Obama administration and traces how precepts differed from the administration of George W. Bush. More generally, the book contributes to an understanding of the distinctive interplay between the formal constitutional powers of the president and the use of informal executive powers in the quest for peace and security. Finally, the book surveys the challenges that Donald J. Trump faces in the transition to the new presidential administration.

Town and Gown Relations Roger L. Kemp, 2013-03-07 This is a timely work on a very dynamic field. It provides more than 40 best practice case studies from nearly half the states in America and discusses current and evolving trends in the relations between educational institutions and cities, towns, and other municipalities. The schools include public and private universities and colleges, public school districts, and other local school systems. Case studies examine current and evolving state of the art practices. Appendices include a glossary, regional, national, and international resource directories, bibliographic sources, model agreements and documents, a state municipal league directory, a state public library directory, and a summary of distance learning resources. The handbook is indexed. The future of America's cities and schools depends upon the proper management of resources through the use of state of the art town gown planning practices. Both public officials and taxpayers benefit from town and gown best practices.
