Acquisitions Of Power Playing For Keeps Acquisitions Of Power:

Acquisition of Power Erika Barr, 2002-08 Unveil the Corporate Underworld Ruthless Backstabbing Sexcapades Power Plays Incompetent Executives Sycophantic Employees Telecommunications mogul Dean MacNamara manipulates Wall Street analysts into supporting his hostile takeover bid for EPIK Only one obstacle remains James Atherton But Atherton is distracted just when his company needs him most Lucy Atherton's alcoholic wife trapped by her own excesses hides a threatening secret Gillian his European mistress follows a dangerous but ambitious agenda MacNamara Atherton's nemesis is a formidable and unpredictable opponent His dark mind games position players in twisted scenarios along a trail of greed blackmail sex and murder From Manhattan's Silicon Alley to Connecticut California London and Paris join this thriller as the rivals fight for ultimate control in **Acquisition of Power** **Power Play** Jay Scherer, David Mills, Linda Sloan

McCulloch, 2019-10-10 When the Rogers Place arena opened in downtown Edmonton in September 2016 no amount of buzz could drown out the rumours of manipulation secret deals and corporate greed undergirding the project Working with documentary evidence and original interviews the authors present an absorbing account of the machinations that got the arena and the adjacent Ice District built with a price tag of more than 600 million The arena deal they argue established a costly public financing precedent that people across North America should watch closely as many cities consider building sports facilities for professional teams or international competitions Their analysis brings clarity and nuance to a case shrouded in secrecy and understood by few besides political and business insiders **Power Play** tells a dramatic story about clashing priorities where sports money and municipal power meet **Playing at Acquisitions** Han T. J. Smit, Thras Moraitis, 2017-05-09 A groundbreaking approach to mergers and acquisitions It is widely accepted that a large proportion of acquisition strategies fail to deliver the expected value Globalizing markets characterized by growing uncertainty together with the advent of new competitors are further complicating the task of valuing acquisitions Too often managers rely on flawed valuation models or their intuition and experience when making risky investment decisions exposing their companies to potentially costly pitfalls **Playing at Acquisitions** provides managers with a powerful methodology for designing and executing successful acquisition strategies The book tackles the myriad executive biases that infect decision making at every stage of the acquisition process and the inadequacy of current valuation approaches to help mitigate these biases and more realistically represent value in uncertain environments Bringing together the latest advances in behavioral finance real option valuation and game theory this unique playbook explains how to express acquisition strategies as sets of real options explicitly introducing uncertainty and future optionality into acquisition strategy design It shows how to incorporate the competitive dynamics that exist in different acquisition contexts acknowledge and even embrace uncertainty identify the value of the real options embedded in targets and more Rooted in economic theory and featuring numerous real world case studies **Playing at Acquisitions** will enhance the ability of CEOs and their teams to derive value from their acquisition

strategies and is also an ideal resource for researchers and MBAs

Semantic Acquisition Games Jakub Šimko, Mária Bieliková, 2014-04-10 Many applications depend on the effective acquisition of semantic metadata and this state of the art volume provides extensive coverage of the field of semantics acquisition games SAGs SAGs are a part of the crowdsourcing approach family and the authors analyze their role as tools for acquisition of resource metadata and domain models Three case studies of SAG based semantics acquisition methods are shown along with other existing SAGs 1 the Little Search Game a search query formulation game using negative search serving for acquisition of lightweight semantics 2 the PexAce a card game acquiring annotations to images 3 the CityLights a SAG used for validation of music metadata The authors also look at the SAGs from their design perspectives covering SAG design issues and existing patterns including several novel patterns For solving cold start problems a helper artifact scheme is presented and for dealing with malicious player behavior a posteriori cheating detection scheme is given The book also presents methods for assessing information about player expertise which can be used to make SAGs more effective in terms of useful output

Life on the Flow Jerry Spiegel Ph. D., 2012-05 We can experience our life as a metaphor one in which time flows as a continuous stream and all of us in our boat of life flowing down the stream toward an unknown destination We are often unaware of the effect our mental model of reality has on our everyday perceptions and behavior Embracing a positive metaphor can move our lives forward in a conscious direction In this book I will present information that can be used to stay on our natural flow information that can help us avoid the sandbars of depression and disappointment navigate the rapids of sudden change and avoid getting dashed against the rocks of failure or success that we will all inevitably encounter on the stream of time

Sex Power Money Van Hugo, 2021-10-25 I want to let my readers and audiences to know that this book is not written to discriminate against anyone regardless of the sexes races classes and genders as well as anyone's religions I wrote this book because of a lot of awareness and concern that some of us are having in this world without knowing what is really going on within them I want to say that viewer discretion is advised
