Unparalleled Poetry Emmylou J. Grosser,2023-07-25 For more than 250 years biblical Hebrew poetry scholarship has been dominated by metrical assumptions and the idea of parallelism While a consensus is emerging that biblical poetry is not metrical no consensus has arisen regarding what parallelism is or what makes biblical poetry verse or poetry in the absence of meter graphical lineation and end marking of lines Unparalleled Poetry claims that a new paradigm for biblical poetry is needed a paradigm that is disentangled from parallelism as well as meter Drawing from the Cognitive Poetics work of Reuven Tsur Emmylou Grosser reorients the discussion of biblical poetic structure to how poetic structure can be heard and perceived She argues that the line units of biblical poetry emerge in the cognitive experience of the listener reader and provides an account of the free rhythm versification system of biblical poetry Grosser s cognitive approach to biblical poetry accounts for the wide diversity of lines and poems in the Bible and illuminates both the structures of biblical poetry and the artistry of potential effects Unparalleled Poetry presents a rewarding new paradigm for readers of the Bible while modeling new
