Frameworks for the Formation of Curriculum Practice in K-12 Evangelical Schools Karen Lynn Miller Estep, 2001

Essential Competencies for ACSI Administrators Dennis Ward Mills, 1988 *Africa Child Survival Initiative - Combatting Childhood Communicable Diseases (ACSI-CCCD)* Africa Child Survival Initiative - Combatting Childhood Communicable Diseases, 1996 Developing a Christian Apologetics Educational Program Douglas E. Potter, 2010-02-18

Many are expressing concern about the future of Christian youth today. What can we do to help ensure they will keep their evangelical faith once they graduate from high school? Can Christian apologetics provide an educational solution? Developing A Christian Apologetics Educational Program explores issues certain to be encountered by secondary school educators who want to teach apologetics as a distinct subject of study either as a part of a Christian institutional or home school curriculum. This book helps the apologist and educator blend their skills to soundly integrate the two subjects. A solution is sought by providing a background and rationale for implementing an age level appropriate apologetics course at this critical level of Christian education. This book is designed as a text to supplement those used in Christian education or applied apologetics courses; each chapter successively builds upon the other to help develop an educational philosophy that supports the inclusion of apologetics in the curriculum. A model is explained and materials are given to support the development of a curriculum in Christian Apologetics Education at the secondary level. Practical ideas are explored and a sample unit of instruction is supplied to help the educator develop an evangelical approach to education that is in the classical apologetic tradition. **Independent School Guide for Washington, D. Praeger Handbook of Faith-Based Schools in the United States, K-12 Thomas C. Hunt, James C. Carper, 2012-08-06
Exploring a subject that is as important as it is divisive, this two volume work offers the first current definitive work on the intricacies and issues relative to America's faith based schools. The Praeger Handbook of Faith Based Schools in the United States K-12 is an indispensable study at a time when American education is increasingly considered through the lenses of race, ethnicity, gender, and social class. With contributions from an impressive array of experts, the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation. The first volume examines three types of faith based schools: Protestant schools, Jewish schools, and Evangelical Protestant homeschooling. The second volume focuses on Catholic, Muslim, and Orthodox schools and addresses critical issues common to faith based schools, among them state and federal regulation and school choice as well as ethnic, cultural, confessional, and practical factors. Perhaps most importantly for those concerned with the questions and controversies that abound in U.S. education, the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children. **A Guide to DFW Private Schools** Lynn H. Abordagem educacional por Princípios André Lima, Roberto Rinaldi Jr., Ana Beatriz Rinaldi, Rubens Dantas Cartaxo, 2018-08-31 Levante o menino e tome o péla m o porque dele farei um grande povo. Então Deus lhe abriu os olhos e ela viu uma fonte. Foi até lá encheu de água a vasilha e deu de beber ao menino. Gênesis 21:18-19. No texto citado temos um relato da aflição e angústia de uma mãe na iminência de perder seu filho, mas que em um olhar direcionado pelo próprio Deus viu a resposta a sua aflição. Quando seus olhos foram abertos. Hagar em um primeiro olhar tomou ciência da fonte de água. Nesse primeiro momento ela não viu tudo que seu filho seria, mas encontrou direção, provisão e salvação. Como parte da Gestão do Conhecimento acompanhei toda a organização deste livro que chega até você e posso assegurar que seus autores buscaram também uma direção do próprio Deus para que você tivesse este primeiro olhar e encontrasse uma fonte que trouxesse vida para sua família e seu ministério educacional. Essa busca de direção observada no zelo nas muitas leituras, nos estudos e na pesquisa dos autores a fim de que AECEP oferecesse esta obra a respeito dos fundamentos iniciais de que você, sua casa, sua escola, sua igreja precisam para uma educação cristã.
