Humankind ber die Sonderstellung des Menschen The proceedings of the conference documented in this volume approached the theoretical and practical concept of the Sonderstellung against the background of present day knowledge in biosciences Furthermore by interdisciplinary efforts an attempt was made to clarify those conceptual problems that arise with the idea of the uniqueness of humankind The present volume partly takes up and further develops topics that have been raised by volume 15 On Human Nature that was published in this series in 2002 **The Federal Law Reports** ,1980
