

How dare you? You are not fit to be in this school madam.

You ought to be in prison! In the deepest dankest darkest prison!

I shall have you wheeled out strapped to a trolley with a muzzle over your mouth.

I shall crush you. I shall pound you. I shall dissect you madam.

I shall strap you down to a table and perform experiments on you.

I shall feed you to the termites, and then I shall squash the termites into tiny fragments.

And then I shall crush those tiny fragments into dust. And then I shall take the dust and feed it to the bloodworms.

Then the bloodworms I shall feed to birds and the birds I shall release into the air and shoot them down with my 12 balled shotgun and so on, and so on, an infinitum madam, and infinitum.

Your father is a crook and so are you.

Last night I was driving home in the monstrosity he sold me and the engine fell out.

Well what do you say to that madam? You say nothing, and there is nothing you can say because you are genetically predisposed to evil and you must be destroyed before you are allowed to go on and grow a centimetre taller than you currently are.

Vomit! Puke! Snot Stain are you listening?

All of these disgusting little slugs shall suffer the most appalling indignities because of you, yes you!

I shall rip the rebellion out of this class and devour it whole.

I shall hang each and every one of you upside down by your ankles until all of your bodily fluids drain out through your noses and into jars, yes jars, which will be sent home to your parents with your school reports on which I shall write 'Could do better!'.

Miss Honey has allowed her weakness and filth to permeate through this miserable collection of excuses for children and you, madam, standing there before me like the squirt of squids, are it's beating heart.

You are the axis of evil, you are the nexus of necrosis, you are a rotting lump of pure wrong.

You are the dark heart of all that is unholy in this land, a black hole of wrongheadedness from which, no light, no strength, no discipline can escape.

to dissolve them Kim's study focuses on works of theater fiction and film that explore the interface between racialized bodies and everyday enactments to reveal new and latent affiliations The various modes of performance developed in these works not only encourage audiences to see habitual behaviors differently but also reveal the stakes of noticing such behaviors at all Integrating studies of race performance and the everyday *The Racial Mundane* invites readers to reflect on how and to what effect perfunctory behaviors become objects of public scrutiny ***A Wonderful Guy*** Eddie Shapiro, 2021 In *A Wonderful Guy* Eddie Shapiro sits down for intimate career encompassing conversations with nineteen of Broadway's most prolific and fascinating leading men Full of detailed stories and reflections the talks dig deep into each actor's career together these chapters tell the story of what it means to be a leading man on Broadway over the past fifty years ***The Movie Guide*** James Monaco, 1992 From *The Big Sleep* to *Babette's Feast* from *Lawrence of Arabia* to *Drugstore Cowboy* *The Movie Guide* offers the inside word on 3 500 of the best motion pictures ever made James Monaco is the president and founder of BASELINE the world's leading supplier of information to the film and television industries Among his previous books are *The Encyclopedia of Film* *American Film Now* and *How to Read a Film* ***Words in Action*** Ishani Maitra, Mary Kathryn McGowan, 2025 Social philosophy of language considers the role language plays in reflecting and enforcing social relations This fast growing field combines philosophy of language with ethics epistemology and feminist social and political philosophy to ask crucial questions about the importance of language in the social world *Words in Action* offers an authoritative and accessible introduction to the social philosophy of language for students at undergraduate and graduate levels Authors Ishani Maitra and Mary Kate McGowan show how tools from the philosophy of language can help illuminate both how language works socially and how we can challenge the injustices wrought by the use of language They examine topics like lying and deception telling and testimony silencing jokes slurs linguistic manipulation linguistic oppression consent promises threats gendered language and much more To fruitfully address these topics the book introduces important tools and concepts from the philosophy of language that are relevant to theorizing these issues including saying assertion conversational and conventional implicature taxonomies of speech acts indirect speech acts common ground conversational score semantic and pragmatic presupposition at issue and not at issue content and much more ***Claude Rains*** John T.
