Parliament of South Australia South Australia,1904 **The British Aristocracy in Popular Culture** Stefania Michelucci,Ian Duncan,Luisa Villa,2020-04-29 As traditional social hierarchies fall away ever steeper levels of economic inequality and the entrenchment of new class distinctions lend a new glamor to the idea of aristocracy witness the worldwide popularity of Downton Abbey or the seemingly insatiable public fascination with the private lives of the British royal family This collection of new essays investigates the enduring attraction to the icon of the aristocrat and the spectacle of aristocratic society It traces the ambivalent reactions the aristocracy provokes and the needs political ideological psychological and otherwise it caters to in modern times when the economic power of the landed classes have been eroded and their political role curtailed In this interdisciplinary collection aristocracy is considered from multiple viewpoints including British and American literature European history and politics cultural studies linguistics visual arts music and media studies **Performing Women and Modern Literary Culture in Latin America** Vicky Unruh,2006-03-01 Women have always been the muses who inspire the creativity of men but how do women become the creators of art themselves This was the challenge faced by Latin American women who aspired to write in the 1920s and 1930s Though women s roles were opening up during this time women writers were not automatically welcomed by the Latin American literary avant gardes whose male members viewed women s participation in tertulias literary gatherings and publications as uncommon and even forbidding How did Latin American women writers celebrated by male writers as the New Eve but distrusted as fellow creators find their intellectual homes and fashion their artistic missions In this innovative book Vicky Unruh explores how women writers of the vanguard period often gained access to literary life as public performers Using a novel interdisciplinary

synthesis of performance theory she shows how Latin American women's work in theatre poetry declamation song dance oration witty display and bold journalistic self portraiture helped them craft their public personas as writers and shaped their singular forms of analytical thought cultural critique and literary style Concentrating on eleven writers from Argentina Brazil Cuba Mexico Peru and Venezuela Unruh demonstrates that as these women identified themselves as instigators of change rather than as passive muses they unleashed penetrating critiques of projects for social and artistic modernization in Latin America
