Achieve Pmp Exam Success 4th Edition Book:

PMP Certification George G. Angel, 2023-09-25 Project management is in everything we do from our personal lives to our professional careers. It is the fastest growing profession in the world and the skills learned in this book can be used for any sort of project large or small: setting up a small business, planning a wedding, family vacation, company picnic, or other event and organizing projects of any scale. This beginner's guide will teach you real world project management skills for any project and will help prepare you to become a certified Project Management Professional (PMP) or Certified Associate Project Manager (CAPM). This fourth edition provides up to date information on how to effectively manage projects, programs, and portfolios to achieve organizational success. It includes tips and sample questions at the end of each chapter as well as a mock exam to help prepare you for the Project Management Institute (PMI) certification exams. This text follows the three PMI domains: People, Business Environment, and Processes. A case study with detailed real world examples, sample templates, and actual project documents guides you through your own projects from charter to close, using all five project groups: initiating, planning, executing, monitoring and controlling, and closing projects. This edition takes the standard processes and framework for traditional projects introduced in PMI's sixth edition Project Management Body of Knowledge (PMBOK) and adds the new focus on Agile adaptive project management methods, tools, and techniques in PMBOK's seventh edition to enhance your knowledge and ability to handle a wide range of projects.

Head First PMP Jennifer Greene, Andrew Stellman, 2018-09-11 Now updated for the 2021 PMP Exam. What will you learn from this book? Head First PMP teaches you the latest principles and certification objectives in The PMBOK Guide in a unique and inspiring way. This updated fourth edition takes you beyond specific questions and answers with a unique visual format that helps you grasp the big picture of project management. By putting PMP concepts into context, you'll be able to understand, remember, and apply them not just on the exam but on the job. No wonder so many people have used Head First PMP as their sole source for passing the PMP exam. This book will help you learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors. Get 100% coverage of the latest principles and certification objectives in The PMBOK Guide Sixth Edition. Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies. Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining. Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First PMP uses a visually rich format to engage your mind rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.
