*The Southern war poetry of the Civil War* Esther Parker Ellinger, 2023-07-10 In *The Southern War Poetry of the Civil War* Esther Parker Ellinger presents a profound examination of the poetic expressions that emerged from the fraught landscapes of the American South during the Civil War era Through her meticulous analysis of verses penned by Southern poets Ellinger reveals the complex emotional tapestry woven from themes of loss valor and resilience Utilizing a blend of literary criticism and historical context she navigates the interplay between politics and personal experience showcasing how these poems served as both an artistic outlet and a means of social commentary The lyrical style of these works marked by rich imagery and passionate rhetoric resonates with the tumultuous sentiments of a nation at war making Ellinger's scholarly approach both enlightening and accessible Esther Parker Ellinger a noted scholar in American literature and the cultural history of the South draws on her deep understanding of the period's socio-political dynamics to illuminate the voices often overlooked in mainstream narratives Her educational background and prolific research in Civil War literature uniquely position her to explore the nuances of Southern identity as expressed through poetry This book reflects her commitment to reclaiming these vital cultural artifacts emphasizing their importance within the broader American literary canon Readers interested in the intersections of literature history and social commentary will find *The Southern War Poetry of the Civil War* an essential contribution to understanding not only the era's artistic output but also the enduring human experiences underlying these powerful literary expressions Ellinger's analysis will both challenge and enrich your perspective on American poetry making this work a valuable resource for scholars and enthusiasts alike

**The Southern War Poetry of the Civil War** Esther Parker Ellinger, 1918

**War Poetry of the South** Various Authors, Several considerations have prompted the editor of this volume in the compilation of its pages It constitutes a contribution to the national literature which is assumed to be not unworthy of it and which is otherwise valuable as illustrating the degree of mental and art development which has been made in a large section of the country under circumstances greatly calculated to stimulate talent and provoke expression through the higher utterances of passion and imagination Though sectional in its character and indicative of a temper and a feeling which were in conflict with nationality yet now that the States of the Union have been resolved into one nation this collection is essentially as much the property of the whole as are the captured cannon which were employed against it during the progress of the late war It belongs to the national literature and will hereafter be regarded as constituting a proper part of it just as legitimately to be recognized by the nation as are the rival ballads of the cavaliers and roundheads by the English in the great civil conflict of their country The emotional literature of a people is as necessary to the philosophical historian as the mere details of events in the progress of a nation This is essential to the reputation of the Southern people as illustrating their feelings sentiments ideas and opinions the motives which influenced their actions and the objects which they had in contemplation and which seemed to them to justify the struggle in which they were engaged It shows with what spirit the

popular mind regarded the course of events whether favorable or adverse and in this aspect it is even of more importance to the writer of history than any mere chronicle of facts The mere facts in a history do not always or often indicate the true animus of the action But in poetry and song the emotional nature is apt to declare itself without reserve speaking out with a passion which disdains subterfuge and through media of imagination and fancy which are not only without reserve but which are too coercive in their own nature too arbitrary in their influence to acknowledge any restraints upon that expression which glows or weeps with emotions that gush freely and freshly from the heart With this persuasion we can also forgive the muse who in her fervor is sometimes forgetful of her art And yet it is believed that the numerous pieces of this volume will be found creditable to the genius and culture of the Southern people and honorable as in accordance with their convictions They are derived from all the States of the late Southern Confederacy and will be found truthfully to exhibit the sentiment and opinion prevailing more or less generally throughout the whole The editor has had special advantages in making the compilation Having a large correspondence in most of the Southern States he has found no difficulty in procuring his material Contributions have poured in upon him from all portions of the South the original publications having been in a large number of cases subjected to the careful revision of the several authors It is a matter of great regret with him that the limits of the present volume have not suffered him to do justice to and find a place for many of the pieces which fully deserve to be put on record Some of the poems were quite too long for his purpose a large number delayed by the mails and other causes were received too late for publication Several collections from Louisiana North Carolina and Texas especially are omitted for this reason Many of these pieces are distinguished by fire force passion and a free play of fancy Briefly his material would enable him to prepare another volume similar to the present which would not be unworthy of its companionship He is authorized by his publisher to say that in the event of the popular success of the present volume he will cheerfully follow up its publication by a second of like style character and dimensions

*A Much Misunderstood Man* Ambrose Bierce,2003 The binding thread throughout this edited collection of Ambrose Bierce s letters is the argument that Bierce has too often vilified as a cynical misanthrope Joshi and Schultz believe that Bierce s human side has been ignored by scholars and they work here to rectify this oversight The importance of this collection is underscored by the fact that no collection of Bierce s letters has been published since 1922 This selection represents a sampling of nearly one half million words of Bierce s correspondence which Joshi and Schultz are the first to gather and transcribe The letters reveal many sides of Bierce that he deliberately concealed in his literary work the caring father who keenly felt the deaths of his two sons and took constant interest in the welfare of his only daughter the literary giant of San Francisco who gathered around him a substantial cadre of disciples whose work he encouraged and meticulously criticized the vigorous castigator of chicanery hypocrisy and injustice wherever he saw it and the author of coyly flirtatious letters to a number of female correspondents For the first time a well rounded picture of Bierce the man and writer emerges in his own words The volume ends chillingly with Bierce s last surviving letter written from Chihuahua Mexico on December 26 1913 which concludes As for me I leave here tomorrow for an unknown destination Bierce was never heard from again The letters have been scrupulously edited from manuscript sources and exhaustively annotated to elucidate obscure historical literary and other references
