Greek Epitaphic Poetry Richard Hunter, 2022-01-13 The first accessible modern commentary on a selection of Greek inscribed epitaphs from c 600 BC until late antiquity The Oxford Handbook of the Writings of the Hebrew Bible Donn F. Morgan, 2019 This handbook provides an important resource for the serious study of the Writings of the Hebrew Bible It addresses historical and literary contexts as well as its roles as scripture and canon in Judaism and Christianity The volume provides creative presentations of the messages and import of the books and the canonical division as a whole The Obedience of Faith Don Garlington, 2009-06-01 His publications include *Faith Obedience and Perseverance Aspects of Paul's Letter to the Romans* Tuumlet bingen Mohr Siebeck 1994 *Wipf Stock* 2009 *Exegetical Essays* 3rd ed Eugene OR Wipf Stock 2003 *In Defense of the New Perspective on Paul Essays and Reviews* Eugene OR Wipf Stock 2005 and numerous articles in various periodicals Book jacket **The Poetics of Multilingualism - La Poétique du plurilinguisme** Patrizia Noel Aziz Hanna, Levente Seláf, 2017-01-06 *Poetica et Metrica* 2 One of the most fascinating aspects of the poetics of multilingualism is that it reveals national literatures to be an outcome of transcultural reflection This kind of reflection can surface in lexical borrowings and inventions in attempts at imitating foreign language features and in combining and improvising stylistic and linguistic devices The experiments presented in this book range from idiosyncratic and forced solutions to the partly unconscious creation of new genres from situations of cultural contact Multilingualism as such turns out to be basic for the emergence of vernacular literatures While research on the poetics of multilingualism is usually restricted to specific authors languages genres or epochs this book addresses the issue from the perspective of its general systematics and reflects the diversity of the phenomenon It provides facets from individual authors poetics to conventionalised features of poetics and from written to oral and sung products of multilingual creation By focusing on the topic's ontology its basic categories and relations the volume demonstrates the fundamental importance of multilingualism for literary and linguistic theory with studies on a number of European countries and regions including multilingualism in the literature and literary traditions of the Alsace the Basque Country England France Germany Hungary Italy Ireland the Netherlands Russia Sardinia and Spain **Redactional Processes in the Book of the Twelve** James Nogalski, 2012-02-13 The series *Beihefte zur Zeitschrift für die alttestamentliche Wissenschaft* BZAW covers all areas of research into the Old Testament focusing on the Hebrew Bible its early and later forms in Ancient Judaism as well as its branching into many neighboring cultures of the Ancient Near East and the Greco Roman world Writing Power in Anglo-Saxon England Catherine A. M. Clarke, 2012 Explores how power is shaped and negotiated in later Anglo Saxon texts focusing on how hierarchical vertical structures are presented alongside patterns of reciprocity and economies of mutual obligation especially within the context of secular spiritual literal or symbolic patronage relationships Classical Hebrew Poetry Wilfred G. E. Watson, 2004-12-30 In spite of debatable issues such as metre we now know enough about classical Hebrew poetry to be able to understand how it was composed This large scale

manual rich in detail exegesis and bibliography provides guidelines for the analysis and appreciation of Hebrew verse Topics include oral poetry metre parallelism and forms of the strophe and stanza Sound patterns and imagery are also discussed A lengthy chapter sets out a whole range of other poetic devices and the book closes with a set of worked examples of Hebrew poetry Throughout other ancient Semitic verse has been used for comparison and the principles of modern literary criticism have been applied

The Finger of the Scribe William M. Schniedewind, 2019-09-24 One of the enduring problems in biblical studies is how the Bible came to be written Clearly scribes were involved But our knowledge of scribal training in ancient Israel is limited William Schniedewind explores the unexpected cache of inscriptions discovered at a remote Iron Age military post called Kuntilet Ajrud to assess the question of how scribes might have been taught to write Here far from such urban centers as Jerusalem or Samaria plaster walls and storage pithoi were littered with inscriptions Apart from the sensational nature of some of the contents perhaps suggesting Yahweh had a consort these inscriptions also reflect actual writing practices among soldiers stationed near the frontier What emerges is a very different picture of how writing might have been taught as opposed to the standard view of scribal schools in the main population centers

New Idioms Within Old Eric D. Reymond, 2011 Reymond biblical Hebrew Yale U is interested in the poetry of the post biblical era when the idiom and language inherited from the Bible still influenced writers but were being altered and changed by them Looking at the seven non Masoretic poems preserved in the Dead Sea Scroll he identifies their characteristics especially the linguistic and literary idioms and structures that might reveal a common poetic strategy or underlying theology In many cases phrases with the same wording have been placed in contexts that significantly change their meaning and significance These variations represent not only the flexibility of Scripture he says but the creative and poetic imagination of Second Temple Hebrew writers to express new ideas while affirming the relevance and truth of the Scripture The Society of Biblical Literature publishes the paperbound edition Brill publishes the hardbound Annotation 2011 Book News Inc Portland OR booknews com

The Wisdom of Ben Sira Angelo Passaro, Giuseppe Bellia, 2008-12-19 The Book of Sirach raises many questions philological exegetical literary historical theological There were even confessional questions which divided the traditions of synagogues and churches It is therefore a fascinating book located on the edges of the canon Does the book attempt to repair the harm done by the erosive criticism of Job and Qoheleth or is it the work of a thoughtful interpreter who in a time of change seeks to bear the tradition towards the new situation emerging from the Hellenistic Diaspora Is it a book which aims at the restoration of the true faith against the autonomous questing of human wisdom or is it merely a sincere if shrewd experiment at dialogue between the legitimate reasoning of the
