arises but no one notices is it still a movement In *Speculative Poetry and the Modern Alliterative Revival A Critical Anthology* Dennis Wilson Wise argues that the answer is yes Over the last ten decades poets working in fantasy science fiction and horror have collectively brought forth a revival in alliterative poetics akin to what once happened in the mid fourteenth century Altogether this anthology collects for the first time over fifty speculative poets several of whom are previously unpublished from across North America and Europe Alongside such established names as C S Lewis Patrick Rothfuss Edwin Morgan Poul Anderson Jo Walton P K Page and W H Auden this anthology includes representative texts from cultural movements such as contemporary neo Paganism and the Society for Creative Anachronism A lengthy critical introduction by the editor written accessibly for a general audience explains and contextualizes the Modern Revival for critics and readers alike and extensive footnotes offer aids to anyone new to medieval history or Norse mythology Overall this indispensable anthology the first major academic book to focus on speculative poetry establishes where the medieval meets the modern in the hitherto unrecognized Modern Alliterative Revival
