Roadblocks in Acting Rob Roznowski, 2017-09-16 This original incisive book examines questions relating to the self imposed barriers or roadblocks that actors place on their work. Rob Roznowski demonstrates how roadblocks often limit and constrain actors from accessing the emotional availability required in their unique craft. He then offers a systematic approach for achieving peak performance in order to defeat the self doubt that can hinder actors. He also offers guidance for educators and directors to compassionately assist actors toward gaining freedom. Incorporating perspectives from psychological consultants the book book co mingles psychology and acting theory in a unique way presenting practical strategies for dealing with a range of roadblock issues that actors face daily including anxiety intimacy self esteem and trust. This is an ideal resource for practitioners instructors and students of acting theatre and performance at any level.
