widening regional disparities which puts Vietnam at risk of becoming one country with two economies where the southern region of Vietnam pulls too far ahead of its northern and central counterparts Based on our analysis we propose a comprehensive policy roadmap for Vietnam to achieve balanced and sustainable development for enhanced competitiveness The successful completion of this reform agenda will set Vietnam firmly on a dynamic growth path which will allow the country to catch up with the more advanced ASEAN member states by 2040 **Cumulated Index Medicus** ,1967
