continues undiminished even in today's online driven world. The practical can find deals on furniture and clothing in L.L. Bean and Sears; the extravagant can consider his and hers matching helicopters, windmills, hot air balloons, and submarines in the Neiman Marcus Fantasy Catalog; those looking to get their pulses racing can browse Victoria's Secret and Abercrombie; while our inner swashbuckler can travel the world through the pages of the J.Peterman Owner's Manual, where Moroccan caftans, Russian Navy t-shirts, and wooden water buckets from rural China entice the imagination. In *Catalog: The Illustrated History of Mail Order Shopping*, Robin Cherry traces the timeline of these snapshots from American history and discovers along the way how we dressed, decorated our houses, worked, played, and got around. From corsets to bell bottoms, from baby doll dresses and Doc Martens all the way to iPods, the history of these catalogs is the history of our lives and our culture. GIs during World War II were kept company by the models in the pages of lingerie catalogs; hockey goalies fashioned makeshift shin guards out of them during the Great Depression; and creative children across the country still play with homemade paper dolls cut from clothing catalogs. A number of celebrities got their start modeling for catalogs: Gregory Peck, Lauren Bacall, Katherine Heigl, Matthew Fox, and Angelina Jolie. Jimi Hendrix and Bob Dylan both got their first guitars from the Sears catalog. Organized into categories such as clothing, food, animals, and houses, author Robin Cherry explores the vivid stories behind Sears, Montgomery Ward, Lillian Vernon, Harry David, Jackson Perkins, and, of course, 45 years of the Neiman Marcus Christmas Book. Insightful historical commentary places these catalogs in their social context, making this book a visual pleasure and a historically important piece of Americana.

*When Walking Fails*, Lisa Iezzoni, 2003-06-10. An upbeat, hopeful guide for people who have trouble walking, ranging from those who have difficulty walking more than a few yards to the wheelchair bound.

**Popular Mechanics**, 1944-04. Popular Mechanics inspires, instructs, and influences readers to help them master the modern world. Whether it's practical DIY home improvement tips, gadgets, and digital technology information on the newest cars, or the latest breakthroughs in science, PM is the ultimate guide to our high-tech lifestyle.

**Use of Rear-facing Position for Common Wheelchairs on Transit Buses**, Uwe Rutenberg, Transit Cooperative Research Program, 2003. This synthesis will be of interest to transit agency staff and those who work with them in dealing with common wheelchair securement on transit buses. It offers information on existing programs in many countries and documents transit agency experiences for the benefit of others considering similar deployments, in particular with respect to the Americans with Disability Act (ADA) and to its use in U.S. Bus Rapid Transit (BRT) systems. The report describes the state of the practice with respect to the use of rear-facing position for accommodating common wheelchairs as defined by the ADA on large transit buses more than 30,000 lb and identifies pertinent issues related to its transferability to the U.S. context.
