Afghanistan Calendar 1393:

A Concise History of Afghanistan-Central Asia and India in 25 Volumes HAMID ALIKUZAI,2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high *Afghanistan - Culture Smart!* Nazes Afroz,Moska Najib,Culture Smart!,2013-12-01 Afghanistan is situated at the crossroads of Asia a strategically important location that connects the Middle East with Central Asia and the Indian subcontinent Down the ages it has been subjected to continuous foreign invasion and intervention from Alexander the Great to Genghis Khan and as a pawn in the struggle between the British and Russian Empires making its people wary of outsiders That history is being repeated in the twenty first century Afghanistan has always been seen from the outside as a realm of much intrigue and many myths The Afghans tried to keep their distance from the outside world especially from the Europeans who whether in pursuit of imperial goals or simply as explorer travelers attempted to enter and traverse the land Their very elusiveness attracted Westerners to this landlocked country of high mountains and breathtaking beauty where age old customs and traditions were zealously guarded sometimes at the cost of many lives The Afghan people are a tapestry of ethnicities woven over time Pashtuns Tajiks Hazaras Uzbeks and many smaller ones Society is organized mainly along ethnic and tribal lines but ethnic identity becomes irrelevant when a common enemy threatens to take control of the country There

are also many shared values and unwritten codes of conduct that govern interpersonal relations which are not taken lightly Visitors are struck by the simplicity hospitality dignity and generosity of the Afghan people and often confounded by customs that they find hard to understand Culture Smart Afghanistan is a unique introduction to the background habits traditions idiosyncrasies suspicions about foreigners and patterns of behavior of the Afghan people It offers visitors invaluable information and insights that will help them to interact with Afghans to interpret their behavior and to behave appropriately in their company whether in personal or business exchanges Once the ice is broken the rewards will be great
