we re all rushing about endlessly around helter skelter to fulfil our day to day activities in meeting our growing needs fads and fantasies that we simply have lesser time to spend thinking about sitting through an essay or letter that is prioritized as homework As an English teacher and lecturer I ve always had students asking me for help with English homework specifically related to ideas and just what to write about in essays and how to go about the whole process Most students find it comfortable to work with sample or model essays these days Needless to say there are zillions of ideas on the internet and Google will simply spill vast ideas on essay and letter writing in a jiffy There are sites which will give you essay samples at a consistent price unasked for that most students may not wish to pay for NOTHING is actually free And so is this book too In school boarding school those days teachers would give us a 1000 or more worded essay for homework and of course give us ample time for research and reading Internet and smart technology were unheard of we had the radio and colour TV then for entertainment and ideas however Gosh do I sound so old I m just about half a century only And so to cut the long story short I wish to make English language learners HAPPIER with the models I ve written here I hope that in reading this book you would have an idea as to present better writing and learn to work with bullet points and questions No teacher likes the idea of plagiarism as would anyone else As always use your own ideas facts and fantasies and flow of thoughts besides playing around with words to build your own masterpiece Enter your own world of imagination Make believe and believe you can make it Take a break a breather and then come back to where you ve left off Best of luck with good wishes in moving forward with writing Kind regards Yours truly Kesh Genga
