

PILOT/CONTROLLER GLOSSARY

PURPOSE

a. This Glossary was compiled to provide a common understanding of the terms used in the Air Traffic Control system. It includes those terms which are required for pilot/controller communications. Those terms more frequently used in pilot/controller communications are printed in **boldface**. The definitions are primarily defined in an operational sense, applicable to both users and operators of the National Airspace System. Use of the Glossary will provide any pilot/controller with a common understanding of the system's design, function, and purpose.

b. Because of the international nature of flying, terms used in the system published by the International Civil Aviation Organization (ICAO) are included where they differ from FAA definitions. These terms are following the "ICAO's." For the convenience of pilots, there are also cross-references or definitions in other parts of the Glossary and in other documents, such as the Code of Federal Regulations (CFR) and the Department of Defense Manual (DM).

c. This Glossary will be revised, as necessary, to maintain a common understanding of the system.
