The Black Image in the New Deal Nicholas Natanson,1992 Between 1935 and 1942 photographers for the New Deal's Resettlement Administration Farm Security Administration FSA captured in powerfully moving images the travail of the Great Depression and the ways of a people confronting radical social change Those who speak of the special achievement of FSA photography usually have in mind such white icons as Dorothea Lange's Migrant Mother or Walker Evans's Alabama sharecroppers But some six thousand printed images a tenth of FSA's total included black figures or their dwellings At last Nicholas Natanson reveals both the innovative treatment of African Americans in FSA photographs and the agency's highly problematic use of these images once they had been created While mono dimensional treatments of blacks were common in public and private photography of the period such FSA photographers as Ben Shahn Arthur Rothstein and Jack Delano were well informed concerning racial problems and approached blacks in a manner that avoided stereotypes right wing as well as left wing In addition rather than focusing exclusively on FSA approved agency projects involving blacks politically the safest course they boldly addressed wider social and cultural themes This study employs a variety of methodological tools to explore the political and administrative forces that worked against documentary coverage of particularly sensitive racial issues Moreover Natanson shows that those who drew on the FSA photo files for newspapers magazines books and exhibitions often entirely omitted images of black people and their environment or used devices such as cropping and captioning to diminish the true range of the FSA photographers vision

The Struggle for Black Freedom in Miami Chanelle Nyree Rose,2015-05-18 Offering new insights into Florida's position within the cultural legacy of the South The Struggle for Black Freedom in Miami explores the long fight for civil rights in one of the country's most

popular tourist destinations Chanelle N Rose examines how the sustained tourism and rapid demographic changes that characterized Miami for much of the twentieth century undermined constructions of blackness and whiteness that remained more firmly entrenched in other parts of the South The convergence of cultural practices in Miami from the American South and North the Caribbean and Latin America created a border community that never fit comfortably within the paradigm of the Deep South experience As white civic elites scrambled to secure the city's burgeoning reputation as the Gateway to the Americas an influx of Spanish speaking migrants and tourists had a transformative effect on conventional notions of blackness Business owners and city boosters resisted arbitrary racial distinctions and even permitted dark skinned Latinos access to public accommodations that were otherwise off limits to nonwhites in the South At the same time civil rights activists waged a fierce battle against the antiblack discrimination and violence that lay beneath the public image of Miami as a place relatively tolerant of racial diversity In its exploration of regional distinctions transnational forces and the effect of both on the civil rights battle The Struggle for Black Freedom in Miami complicates the black white binary and offers a new way of understanding the complexity of racial traditions and white supremacy in southern metropolises like Miami

Lost in the USA Deborah Gray White, 2017-03-09 Remembered as an era of peace and prosperity turn of the millennium America was also a time of mass protest But the political demands of the marchers seemed secondary to an urgent desire for renewal and restoration felt by people from all walks of life Drawing on thousands of personal testimonies Deborah Gray White explores how Americans sought better ways of living in and dealing with a rapidly changing world From the Million Man Million Woman and Million Mom Marches to the Promise Keepers and LGBT protests White reveals a people lost in their own country Mass gatherings offered a chance to bond with like minded others against a relentless tide of loneliness and isolation By participating individuals opened a door to self discovery that energized their quests for order autonomy personal meaning and fellowship in a society that seemed hostile to such deeper human needs Moving forward in time White also shows what marchers found out about themselves and those gathered around them The result is an eye opening reconsideration of a defining time in contemporary America

A History of Disinformation in the U.S. Joseph R. Hayden, 2024-06-07 This volume recounts notable episodes of distortion throughout American media history It examines several of the lurid hoaxes and conspiracy theories that have inspired press coverage as well as some of the political lies promoted by partisan gladiators whether of the eighteenth century or today The book moves beyond the sensational stories to show the enduring and systemic nature of media manipulation that occurs on far more consequential issues It exposes persistent and deeply destructive falsehoods that have been told about women people of color immigrants the LGBTQ community unions commercial products highlighting how longstanding bipartisan myths have effectively marginalized certain groups of Americans Alongside these cases the author carefully dissects the changing nature of institutions technologies and practices of journalism in America Attention is given to the evolution of newspapers in the

eighteenth and nineteenth centuries the role of broadcasting in the twentieth and the impact of the internet and social media at the dawn of the twenty first This book will appeal to readers interested in American history journalism communication studies political science and sociology The Struggle for Black Freedom in Miami Abigail Cloud,2014-04-07 In her first collection of poems Abigail Cloud draws inspiration from nineteenth century European Romantic ballets which often portrayed scorned females as mystical spirits such as sylphs shades and wilis Some of these creatures seduced men into dancing until they died punishment for inconstancy or lured them into love For Cloud the dark gravity that holds these enchanters to the earth is the same as our own and thus these demons are as everyday as air Sylph filters our world through the lenses of dance folklore and history revealing our contemporary lives to be dreamlike and prismatic In the blink the mouse spent to disappear I loved you avows the sylph The cost of her ascension and ours is steep our price speech our forgetting breath Such are the stakes in this complex seductive and stunning debut **The African American Male School Adaptability Crisis (Amsac)** Joe L. Rempson,2016-03-12 The African American Male School Adaptability Crisis AMSAC cannot be solved by the school alone It is a race problem which can only be solved if we black males provide the leadership in tackling our three major demons which now mainly account for the problem IQ lag fatherless families crime AMSAC had its origin about 100 years ago when after the death of Washington DuBois gained ascendancy in our African American Garden of Eden and replaced Washingtons brains property and character gospel with a civil rights agenda That agenda has led to a civil rights fixation and our second bondage Victimology wherein being the victim has become part of our core identity and made us psychological slaves Rather than being proud and self reliant disproportionately we have come to see ourselves as victims who are entitled to system help and special treatment This bondage and it is a bondage vitiates our manhood and the energy and drive required to pursue the adaptation pathway paved by Washington but demonized by DuBois Return to that pathway and we can confront and conquer AMSAC and our three major demons Guided by history and the research evidence this book details how Its 20 chapters make for long reading but just by reading the first and last chapters you can get the message The motto of the proposed evidence based experimental program the African American Male Career Pathway Program AMCAP A special appeal is made to black athletes and entertainers to help propagate this motto and support the proposed high school student clubs Student AMCAPs in its implementation
