## Die lelke eendjie

Eendag lank gelede was daar 'n mamma eend wat gewag het vir haar eiers om uit te broei. Al die eiers was wit, behalwe vir een.

Die eiers het gou begin uitbroei en die eend was die trotse mamma van 5 klein eendjies. Maar een eier het oorgebly.

Uiteindelik het die laaste eendjie uitgebroei. Hy was anders as die ander eendjies. Die Lelke Eendjie het weggeloop met die hoop om iewers te bly waar hy voel hy behoort.

Hy ontmoet ander voëls, maar hulle wou nie maats met so 'n vreemde eendjie wees nie. 'n Ou vrou kry die eendjie en sit hom in 'n hok in. Die hen waarsku die eendjie dat sy van plan was om hom te eet.

Die arme eendjie ontsnap en kruip in die riete weg. Hy sien pragtige voëls bo hom vlieg en wens dat hy nes hulle kon wees.

Die winter het gekom en die klein eendjie het baie koud gekry. 'n Boer het hom gekry en het hom tot die lente veilig gehou. Toe lente aanbreek, het die boer die eendjie na die dammetjie geneem en hom vrygelaat. Iets wonderliks het gebeur, die eendjie het in 'n pragtige swaan verander!

learning     Knowledge Beyond Colour Lines Monwabisi K. Ralarala, Salochana Lorraine Hassan, Rajani Naidoo, 2021-05-25 Knowledge remains timely in education The need for academics to contemplate its relevance worth use and everything in between deems a continuous intellectual project rather than a conundrum to be solved This book takes the South African context by the horns as it challenges the often dormant and traditionalist ways in which higher education spaces see knowledge Through original research and the voices of academics and students this book argues for repurposing knowledge generation knowledge sharing and critical pedagogy so that more inclusive teaching and learning environments can be both imagined and sustained The contentious tensionalities that this creates for LoLT and SoTL in particular are unlocked so as to trouble the South African higher education landscape with the intent to proffer alternative pathways for a knowledge beyond colour lines Prof Shan Simmonds PhD NWU This edited volume bristles with fresh scholarly approaches and insights of an emergent generation of engaged scholars grappling with the issues and problems of higher education in South Africa The issues dealt with here are varied and encompassing They are treated with intellectual delicacy and probing sensitivity articulacy informed data and bold conclusions They serve well Prof Kwesi Kwaa Prah Emeritus Professor of Sociology University of the Western Cape Founder of the Centre for Advanced Studies of African Society     **Missions of Interdependence** Gerhard Stilz, 2002 At the beginning of the twenty first century it is necessary to combine into a productive programme the striving for individual emancipation and the social practice of humanism in order to help the world survive both the ancient pitfalls of particularist terrorism and the levelling tendencies of cultural indifference engendered by the renewed imperialist arrogance of hegemonial global capital In this book thirty five scholars address and negotiate in a spirit of learning and understanding an exemplary variety of intercultural splits and fissures that have opened up in the English speaking world Their methodology can be seen to constitute a seminal field of intellectual signposts They point out ways and means of responsibly assessing colonial predicaments and postcolonial developments in six regions shaped in the past by the British Empire and still associated today through their allegiance to the idea of a Commonwealth of Nations They show how a new ethic of literary self assertion interpretative mediation and critical responsiveness can remove the deeply ingrained prejudices silences and taboos established by discrimination against race class and gender     *The Heinemann Book of South African Short Stories* Denis Hirson, Martin Trump, 1994 All by writers who spent their formative years in South Africa this diverse range of short stories spans from the end of World War II when the National Party was on the upsurge to the early 1990s when the legal framework of apartheid was abolished the ANC was legalized and Mandela was released     **Multilingual classroom contexts** Prof Christa van der Walt, Dr Verbra Pfeiffer, 2021-12-01 By far the majority of South African students get their schooling in a second language which means that our classrooms are multilingual This state of affairs is not exclusive to our country as can be seen in the many academic conferences on multilingual learning and teaching Terms like translanguaging and biliteracy appear in many articles and books that discuss the role language in

education What makes the multilingual nature of our South African classrooms challenging is the fact that many learners switch from one language of learning and teaching to another at various points in their school career from home language to English or Afrikaans after the foundation phase from one language of learning and teaching to another when they move to new schools high school or tertiary institutions This book is an attempt to highlight the transitions from home to school from foundation to intermediate phase from primary to high school and from high school to tertiary institutions

Homeschooling: The Primary Years Shirley Erwee, 2015-07-13 An invaluable guide for families embarking on the journey of educating their primary school age children at home One of the biggest challenges for homeschooling parents is to break away from the model of education they received in school and to re educate themselves about Education as the conventional classroom methodology is not the model of pedagogy teaching that works best in the homeschool scenario This book offers tried and tested alternatives that will enrich and facilitate learning rather than hinder the process of educating young minds Having been part of the first generation of South African homeschoolers the author shares her knowledge plus tips and advice she has learnt along the way in order to help others make good choices and avoid common pitfalls and costly mistakes
