**Megachurches in Africa** Babatunde A. Adedibu, Felicity Apaah, Okelloh Ogera, Benson O. Igboin, 2024-10-04 The idea of megachurch is pivotal to the nature characteristics and vision of megachurches as a social divine structure grounded on the belief in grand mega God whose omnipotence is revealed encountered and dramatised in space and place Although the concept of megachurch has been discursively and theoretically problematic sprouting and scouting for a big idea grasping that is in itself elusive the book takes a pragmatic detour to engage and nuance and also beat into manageable shape what can readily be construed as megachurch at least in Africa It argues that megachurch is not only related to from the prism of its exponentiality and grandiosity a feature that is pervasive in its conceptualisation but it is also much more inserted into a socio cultural political and religious context that is at once empirical and relatable responsible and responsive daring and appealing local and transnational spiritual and mundane controversial and soothing The institutionalisation of megachurch legitimises its existence radar and reach in terms of social mobilisation charismatics and incarnationality Central to the praxis of megachurches is digital turn that zooms out the Mega Mega powers and affluence of mega pastors mega narratives mega miracles and mega messes All of this is sited and situated most profoundly within the mega failure of state to be responsible and account for mega wealth that African political rulers vanquished into their private lounges The megachurch and state relations might appear complexified and mutually beneficial the knack with which some Africa s megachurches pastors churches churches dribble and meander through this midfield constantly calls to mind the Megachurches Megachurches claim of divine imprimatur and the future of its pentecostality The Sunday School Teachers Magazine, and Journal of Education Edward Butt, 1852 The United States Catalog Eleanor E. Hawkins, 1921 *The United States Catalog*, 1921 *Disfellowshipped* Gerald W. King, 2011-08-05 Employing studies in population ecology as a framework for understanding the growth of religious movements Disfellowshipped traces the growth of the Pentecostal movement The author explores how the Pentecostal movement developed in relationship to Fundamentalism from its roots in the Holiness movement to the formation of the National Association of Evangelicals Particular attention is given to the various critiques and rebuttals exchanged between Fundamentalists and Pentecostals exploring how these two movements influenced and shaped one another This book shows how despite their mutual antagonism these two movements held far more in common than in contrast This book will be of great importance to all those interested in the history of Fundamentalism and the rise of Pentecostalism **The United States Catalog**, 1928 *British Books*, 1908 **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1908 **The Elementary School Teacher**, 1909 Readers' Guide to Periodical Literature, 1917 **The English Catalogue of Books Published from January, 1835, to January, 1863**, 1864 4000-4999, Arts; 5000-5999, Theology; 6000-6999, Philosophy and education Princeton University.
