**Getting Wasted** Thomas Vander Ven,2011-08 A unique answer to the perennial question why do college students drink so much Most American college campuses are home to a vibrant drinking scene where students frequently get wasted train wrecked obliterated hammered destroyed and decimated The terms that university students most commonly use to describe severe alcohol intoxication share a common theme destruction and even after repeated embarrassing physically unpleasant and even violent drinking episodes students continue to go out drinking together In Getting Wasted Thomas Vander Ven provides a unique answer to the perennial question of why college students drink Vander Ven argues that college students rely on drunk support contrary to
