## **Afghanistan Politics Elections And Government Performance Crs Reports:**

**Afghanistan: Politics, Elections, and Government Performance**, 2009 In the context of a review of U S strategy in Afghanistan during September November 2009 the performance and legitimacy of the Afghan government figured prominently In his December 1 2009 speech announcing a way forward in Afghanistan President Obama stated that the Afghan government would be judged on performance and The days of providing a blank check are over The policy statement was based in part on an assessment of the security situation furnished by the top commander in Afghanistan General Stanley McChrystal which warned of potential mission failure unless a fully resourced classic counterinsurgency strategy is employed That counterinsurgency effort is deemed to require a legitimate Afghan partner The Afghan government s limited writ and widespread official corruption are believed by U S officials to be helping sustain a Taliban insurgency and complicating international efforts to stabilize Afghanistan At the same time President Hamid Karzai has through compromise with faction leaders been able to confine ethnic disputes to political competition enabling his government to focus on trying to win over those members of the ethnic Pashtun community that support Taliban and other insurgents *Afghanistan: Politics, Elections, and Government Performance* Congressional Research Service, 2015-01-12 The capacity transparency legitimacy and cohesiveness of Afghan governance are crucial to Afghan stability as nearly all international forces exit Afghanistan by the end of 2016 The size and capability of the Afghan governing structure has increased significantly since the Taliban regime fell in late 2001 but the government remains rife with corruption and ethnic and political tensions among its major factions are ever present Its recent elections have been marred by allegations of vast fraud and resulting post election political crises Hamid Karzai who served as president since late 2001 was constitutionally term limited and left office when his successor Ashraf Ghani was inaugurated on September 29 The inauguration represented a resolution of a presidential election dispute that consumed Afghan and U S official attention from April to September The results of the April 5 2014 first round of the election required a June 14 runoff between Ghani and Dr Abdullah Abdullah increasing tensions between Ghani s Pashtun community Afghanistan s largest group and the Tajik community with which Abdullah is identified Amid accusations by Abdullah of widespread fraud in the runoff Secretary of State John Kerry brokered an agreement for a recount of all 23 000 ballot boxes and formation of a post election unity government under which Abdullah the losing candidate became Chief Executive Officer CEO of the government The CEO is to function as a prime minister pending a subsequent national deliberation over changing the constitution to create a formal prime ministerial post The resolution of the election dispute paved the way for the long delayed signing of formal agreements to permit U S and NATO deployments in post 2014 international missions to train Afghan forces Resolute Support Mission and conduct counterterrorism operations Operation Freedom Sentinel To date the power sharing arrangement has nearly paralyzed the Afghan central government Abdullah s role in governance has been limited and until early January 2015 the two were unable

to agree to new cabinet appointments despite a constitutional requirement to form a cabinet within 30 days of taking office. The government has been run in the interim by caretaker officials and bureaucrats lacking high level policy direction. The cabinet choices reportedly represent efforts to balance the need for competent officials with the demands to satisfy both leaders' key constituencies. Government authority remains constrained not only by the power sharing arrangement but also by the exertion of influence by the long standing informal power structure consisting of regional and ethnic leaders. Faction leaders often maintain groups of armed fighters who often exercise arbitrary administration of justice and commit human rights abuses. These constraints could slow Ghani's efforts to prioritize curbing governmental corruption and promoting women's rights. International officials and groups are attempting to help ensure that the significant gains in civil society, women's rights and media freedoms achieved since 2001 are preserved. Those gains have come despite the persistence of traditional attitudes and Islamic conservatism in many parts of Afghanistan, attitudes that cause the judicial and political system to tolerate child marriages and imprisonment of women who flee domestic violence. Islamist influence and tradition has also frequently led to persecution of converts from Islam to Christianity and to curbs on the sale of alcohol and on Western oriented media programs. Afghan civil society activists, particularly women's groups, assert that many of these gains are at risk as international forces depart, especially should there be a reconciliation agreement between the government and insurgent leaders. **Afghanistan Country Study Guide Volume 1 Strategic Information and Developments** IBP, Inc., 2013-08-01. *Afghanistan Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments*. *Al Qaeda, the Taliban, and Conflict in Afghanistan* Kristen Boon, Douglas Lovelace, Aziz Huq, 2011. Volume 117 of *Terrorism Commentary on Security Documents*. *Al Qaeda, the Taliban, and Conflict in Afghanistan* includes recent documents relating to the conflict in Afghanistan against the Taliban and its foreign allies including al Qaeda. Afghanistan remains a central front in the conflict against Al Qaeda and continues to plague analysts and military strategists alike. This collection of documents portrays a reoccurring theme: the integration of political and military strategies to better combat U.S. efforts in the region.

*A Concise History of Afghanistan-Central Asia and India in 25 Volumes* HAMID ALIKUZAI, 2015-01-19. Thirteen years after the U.S. invasion of Afghanistan, thirteen years after the U.S. invasion of Afghanistan, the gains that the international coalition has made with its local partners are real but reversible. Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again. Reconstruction assistance has produced demonstrable progress in health, education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress. Internationally, a coalition still backs the International Security Assistance Force (ISAF) military mission. However, NATO's will is waning. China, Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing

Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high

**Guilty Party: the International Community in Afghanistan** Graciana del Castillo, 2014-04-02 Recalling an unforgettable trip throughout Afghanistan in Nowroz 1978 only three weeks before the bloody communist coup d tat the author uses places along the way to describe how foreign conquerors nationalist policies a variety of ethnicities and religions and the Silk Route combined to mold present day Afghanistan Such places provided the stage for the famous battles of ancient and modern times as they provided the different livelihoods of the afghan population that still lives mostly from agriculture and livestock production Gripping accounts on the political and security transitions since 9 11 have not been matched by similar ones on the economic and social ones which is the purpose of this book Based on what she saw in a more recent visit in 2011 the author explains to a general audience how misguided economic policies misplaced priorities and wasteful aid have led Afghanistan to an infamous record the country not only relapsed into conflict but became the most aid dependent country in the world Muddling through as in the past is no longer an option as NATO troops withdraw and aid falls sharply The author makes a proposal to help the country to move away from the vicious circle of insecurity aid drug and food dependency to a virtuous one of genuine investment rural development employment opportunities and improved livelihoods The cost of the Afghan war in terms of human lives and taxpayers money has been outrageous and taxpayers should demand a debate among all stakeholders on how to move forward

**Special Inspector General for Afghanistan Reconstruction (SIGAR)** Arnold Fields, 2010-10 In Afghanistan the U S has begun to implement the new strategy articulated by Pres Obama in Dec 2009 The U S military and civilian surge is intended to create an 18 month window of opportunity to strengthen the Afghan government s ability to provide for its security and deliver essential services to its people The U S gov t needs to improve the way it designs and implements reconstruction programs More attention must be paid in these 4 areas matching the appropriate human and financial resources to achieve policy objectives developing metrics to measure project and program results to ensure that reconstruction goals are being met providing

better oversight of contractors and increasing efforts to deter corruption

### **Terrorism: Commentary on Security**

**Documents Volume 116** Kristen Boon, Douglas Lovelace, Aziz Huq, 2011 Volume 116 of Terrorism Commentary on Security Documents Assessing President Obama's National Security Strategy extends the previous volumes on the Administration's national security policy by highlighting its specific strategies The volume begins with an assessment of the recently published Obama National Security Strategy It also includes other strategy documents official statements and budget documents to allow readers to compare and contrast this Administration's approach to its predecessor

**Terrorism: Commentary on Security Documents Index IV** Kristen Boon, Aziz Z. Huq, Douglas Lovelace, 2012 With the publication of Terrorism Commentary on Security Documents Index IV Oxford University Press continues to provide periodic stand alone volumes containing cumulative indexes for the individual volumes in the series Index IV covering Terrorism Vols 101-120 adds to the previous index volumes in order to ensure comprehensive searchability within the series The availability of the cumulative index as well as the volume specific indexes makes the series more convenient for the reader and provides the researcher with multiple ways to search for information Index IV also features improved double columned index formatting for ease of use in a more compact volume Although each volume in Terrorism Commentary on Security Documents contains its own volume specific index this comprehensive index fully indexes the last twenty volumes in the Terrorism series Only subject indexes are included in the individual volumes whereas this comprehensive index includes five different types of indexes including a subject index an index organized according to the title of the document an index based on the name of the document's author an index correlated to the year of the document and a subject by year index This cumulative index volume therefore provides readers with multiple ways to conduct research within Volumes 101-120 of Terrorism Commentary on Security Documents

**Propaganda, Communication and Empire** Sumanth Inukonda, Oliver Boyd-Barrett, Lara Martin Lengel, 2025-04-22 This volume interrogates the mediatized politics of western intervention in Afghanistan to gain a deeper understanding of the occupation within the broader transition toward a multipolar global order Accurate histories of western interventions and regional realities are often obscured or even eclipsed in the accounts of western mainstream media which if anything tend to rue the withdrawals and lionize the suffering of returning troops This volume investigates the state's role in the dark underbelly of the shortsighted interventionist media narrative as well as the dehumanizing portrayals of people living in the Afghanistan-Pakistan region In its opening section the book critically evaluates the narrative of the Global War on Terror as well as the wars launched after 9/11 that destabilized the Middle East The chapters in the following section contextualize developments in Afghanistan with a historical framework that will problematize linear narratives that are mobilized in support of interventions The chapters in the final section represent specific aspects of the geopolitical and humanitarian consequences that have eluded mainstream media workers including journalists and Hollywood moviemakers This book will be of interest to students of propaganda studies media and communication studies US foreign policy and

**18 años de la guerra contra el terror (2001-2019)** Luis Alberto Villamarín Pulido,2019-09-13 1 La guerra contra el terror encabezada por Estados Unidos ha sido efectiva pero insuficiente Ha minimizado el problema pero no lo ha resuelto 2 Hay una evidente ausencia de compromiso internacional coordinado entre los cuerpos diplomáticos y las agencias de seguridad de los países afectados situación que facilita el camino y el trasiego a los yihadistas 3 Es innegable que el desconocimiento de la esencia geopolítica del problema del terrorismo internacional con excepción de Israel es una constante entre los funcionarios oficiales y los cuerpos diplomáticos de los países afectados por el yihadismo 4 Est comprobado a lo largo de la historia universal que las soluciones a los problemas geopolíticos son temporales y que con el paso de los años traerán otros problemas a mediano y largo plazo La dinámica geopolítica es la concreción de una cadena de acontecimientos Nada ocurre al azar ni hay ruedas sueltas en el trasiego del orden mundial Y si el arreglo deja muchas insatisfacciones geopolíticas la meta será ser peor 5 Sin que la inmersión en la guerra contra el terror sea la razón específica para que Estados Unidos haya perdido la preeminencia geopolítica que poseía a comienzos del siglo XXI es cierto que ha sido decisivo en este proceso el manejo acomodado de China y Rusia a los problemas geopolíticos contemporáneos 6 Respecto a la pregunta Cómo afecta a América Latina la incompleta acción internacional de la guerra contra el terror se podrá inferir que la dinámica del orden mundial es como una máquina articulada por piezas en la que si una sola pieza no engrana bien el resto de la maquinaria funcionará mal Al existir comunidades musulmanas en los límites de Colombia con Venezuela en la Triple Frontera de Paraguay Brasil Argentina y en las Antillas es altamente probable que los odios entre chiitas y sunitas se multipliquen en estos territorios con la circunstancia agravante que en casi todos los países latinoamericanos hay propiedades judías que podrán ser blancos de ataques yihadistas de cualquiera de las dos principales líneas religiosas musulmanas Los latinoamericanos que viajan como turistas o viven en países afectados por el yihadismo también pueden ser víctimas de los ataques como ya ha ocurrido en algunos de los actos terroristas perpetrados por ISIS y Al Qaeda en los países del llamado primer mundo o en los estados musulmanes

Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Afghanistan Politics Elections And Government Performance Crs Reports : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papan, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
