Soldier's Best Friend Stephen Paul Stewart, 2016-05-01 Military working dogs are silently winning the war against the world's deadliest insurgents day after day saving soldiers' lives in the most dangerous countries on the planet. From the featureless plains of Helmand and Kandahar to military bases in Germany, army dog teams work day and night to keep us safe but until recently their courage and sacrifice has not been fully understood or appreciated. Award-winning journalist Stephen Paul Stewart employs in-depth interviews together with years of research and frontline reportage to tell their gripping and emotional stories for the first time. A fascinating insight into a little-known subject, *A Soldier's Best Friend* is a moving and engrossing read. Niall Edworthy

Bringing War to Book Rachel Woodward, K. Neil Jenkins, 2018-05-04 This book explores how military memoirs come to be written and published. Looking at the journeys through which soldiers and other military personnel become writers, the authors draw on over 250 military memoirs published since 1980 about service with the British armed forces and on interviews with published military memoirists who talk in detail about the writing and production of their books. A range of themes are explored including the nature of the military memoir, motivations for writing, authors' reflections on their readerships, inclusions and exclusions within the text, the memories and materials that authors draw on, the collaborations that make the production and publication of military memoirs possible, and the issues around the design of military memoirs. Distinctive covers. Written by two leading commentators on the sociology of the military, *Bringing War to Book* offers a new and original argument about the representations of war and the military experience as a process of social production. The book will be of interest to students and scholars across a range of disciplines including sociology, history, and cultural studies.

Soldier Dogs Maria Goodavage, 2012-12-31 A leading reporter offers a tour of military working dogs' extraordinary training, heroic accomplishments, and the lasting impacts they have on those who work with them. People all over the world have been riveted by the story of Cairo, the Belgian Malinois who was a part of the Navy SEAL team that led the raid on Osama bin Laden's compound. A dog's natural intelligence, physical abilities, and pure loyalty contribute more to our military efforts than ever before. You don't have to be a dog lover to be fascinated by the idea that a dog, the cousin of that furry guy begging for scraps under your table, could be one of the heroes who helped execute the most vital and high-tech military mission of the new millennium. Now Maria Goodavage, editor and featured writer for one of the world's most widely read dog blogs, tells heartwarming stories of modern soldier dogs and the amazing bonds that develop between them and their handlers. Beyond tales of training, operations, retirement, and adoption into the families of fallen soldiers, Goodavage talks to leading dog cognition experts about why dogs like nothing more than to be on a mission with a handler they trust.

matter how deadly the IEDs they are sniffing nor how far they must parachute or rappel from aircraft into enemy territory Military working dogs live for love and praise from their handlers says Ron Aiello president of the United States War Dogs Association and a former marine scout dog handler The work is all a big game and then they get that pet that praise They would do anything for their handler This is an unprecedented window into the world of these adventurous loving warriors
