Under Heaven's Brow Ward Hunt Goodenough, 2002 For the people of Chuuk and for students of religion and Micronesian culture this book pulls together and makes available in English the somewhat scattered published accounts largely in German along with Goodenough's own as yet unpublished information about religious beliefs and ritual practices in pre-Christian Chuuk The materials are presented in a way that seeks to document and illustrate a particular approach a functional one to understanding the kinds of human concerns that give rise to religious behavior Simply to describe traditional beliefs and rituals without the relevant social background information leaves the reader without any feeling for what were the emotional concerns engendered by life in Chuukese society that ritual practices helped people address Ward

Goodenough offers a theoretical introduction the necessary background information about Chuuk and the ways in which members of Chuukese society experienced themselves and their fellows the world view and overall set of beliefs providing the intellectual framework within which ritual practices were formulated and understood and the various bodies of ritual practices He concludes the book with a summary that pulls together how the rituals described appear to related to the emotional concerns that growing up and living in Chuuk tended to create

To Live as Long as Heaven and Earth Robert Ford Campany, 2002-04-08 This book marks a new milestone in the study of Chinese religious history Only a scholar as intelligent and dedicated as Campany would dare tackle and so eloquently translate one of the most important and difficult works of early Chinese religious history Paul Katz author of *Images of the Immortal The Cult of Lu Dongbin at the Palace of Eternal Joy* This is a pathbreaking work of lasting significance to the field of Chinese religious history The scholarship is solid and current drawing upon the best research from America Europe China and Japan The translation is accurate clear and elegant based upon an innovative analysis of surviving sources Terry Kleeman author of *Great Perfection Religion and Ethnicity in a Chinese Millennial Kingdom* A competent translation of Ge Hong s hagiographies with close attention paid to sources and editions would already have constituted a major contribution to the field of Taoist studies But Campany provides as well a survey of religious practices in Ge Hong s writings and a reading of the hagiographies which enables us to see the social practices that lie behind them Together these two works in one constitute the best available portrait of religion and society in early fourth century China John Lagerwey author of *Taoist Ritual in Chinese Society and History* Campany s annotated translation of Ge Hong s 283 343 classic the first in English admirably captures the book s rich evocation of the religious culture of Southern China in the fourth century Ge Hong here offers a series of case studies of what he regarded as the historical and exemplary evidence for the existence of immortals This translation of *Traditions of Divine Transcendents* conveys a lively and multifaceted vision of the Taoist conception of physical immortality The book s emphasis on practices related to the cult of the immortals and the hope for transcendence squarely places its subject in the religious life of traditional Chinese society Franciscus Verellen co editor of *The Taoist Canon A Historical Guide* Heaven's Gate Benjamin E Zeller, Robert W Balch, 2014-10-31 The captivating story of the religious group focused on transcending humanity and the Earth and seeking salvation in the literal heavens on board a UFO 2015 Best Book Award from the Communal Studies Association In March 1997 thirty nine people in Rancho Santa Fe California ritually terminated their lives To outsiders it was a mass suicide To insiders it was a graduation This act was the culmination of over two decades of spiritual and social development for the members of Heaven s Gate In this fascinating overview Benjamin Zeller not only explores the question of why the members of Heaven s Gate committed ritual suicides but interrogates the origin and evolution of the religion its appeal and its practices By tracking the development of the history social structure and worldview of Heaven s Gate Zeller draws out the ways in which the movement was both a reflection and a microcosm of larger American culture The group

emerged out of engagement with Evangelical Christianity the New Age movement science fiction and UFOs and conspiracy theories and it evolved in response to the religious quests of baby boomers new religions of the counterculture and the narcissistic pessimism of the 1990s Thus Heaven's Gate not only reflects the context of its environment but also reveals how those forces interacted in the form of a single religious body In the only book length study of Heaven's Gate Zeller traces the roots of the movement examines its beliefs and practices and tells the captivating story of its people The most thorough work on the cult of Heaven's Gate that is presently available Choice *Taxing Heaven's Storehouse* Paul J. Smith, 2020-10-26 Tea growing was a prosperous industry in Sichuan when Wang Anshi's New Policies created a Tea Market Agency to buy up Sichuanese tea and trade it to Tibetan tribesmen for cavalry horses At first the highly autonomous agency not only acquired the needed horses but made a profit After the Jurchen conquest of North China however market realities changed and the combined Tea and Horse Agency's once successful policies ruined tea farmers failed to meet quotas for horses and ran a deficit Paul J. Smith details the workings of Sichuan tea farming and the tea trade examines the geopolitical factors that forced the Song to buy horses and graphically describes the difficulties of driving them more than a thousand miles through rugged mountains with only inexperienced conscripts as trail hands In this study of fiscal sociology Smith also explains how the Tea and Horse Agency transformed the Sichuan local elite which was notorious for its resistance to state power into imperial civil servants eager to tax their own region He draws on modern theories of corporate behavior to explain what made the inner workings of the Agency an extraordinary departure for the Chinese civil service and he demonstrates how the agency put into practice the most radical New Policies theories of state economic activism The Agency made entrepreneurs out of bureaucrats but ultimately became ruinously tyrannical as the system of state rewards and punishments drove its personnel to actions that crippled key sectors of the economy *A Concise Companion to Confucius* Paul R. "A Knot Worth Unloosing" John H. Duff, 2019-01-21 In the study of Christian eschatological thought virtually no attention has been given to past interpretations of the biblical phrase the new heavens and earth John Duff uncovers the interpretations of this phrase that were extant in seventeenth century England These interpretations fall into two basic camps those that understood the phrase metaphorically and those that understood the phrase literally Some English divines believed the new heavens and earth referred to the new age of the gospel that commenced in the first century CE At that time God flung open the doors of salvation to Gentiles while at the same time bringing judgment to the Jewish nation for its failure to recognize and embrace Jesus as Messiah This epic transition was fittingly described as a new heavens and earth A second group of English interpreters believed the phrase stood for a yet future time when the political and religious circumstances of the world would change for the betterment of the church for one thousand years The new heavens and earth stood for a future millennium in which Christ would establish his reign over the world prior to the day of resurrection and final judgment Theologians who accepted a literal understanding believed the new heavens and earth described the renovation of the physical creation at the final judgment Among this group differences of opinion existed with respect to how much of the world would need cleansing what creatures would be restored and of what use would a renovated world serve The idea that the earth and not heaven would be the final abode of the saints emerged among a few obscure writers

Heaven's Glory Christopher Love, C. Matthew McMahon, 2017-04-04 The springboard for this entire work is the verse When Christ who is our life shall appear then shall we also appear with Him in glory Colossians 3:4 Why should the Christian have a hope of heaven What may be expected there What is Christ's role there right now and how will the Christian interact with Him before the throne of God What does it mean that Christ is glorious and how will his appearing usher in with great glory the heavenly state for all those who trust in him Nothing has greater influence into a Christian's practice here in this world than the serious consideration of our everlasting estate in the world to come the glory and happiness which is prepared for the elect in Christ The scope of this work is to discover to the Christian those unspeakable joys which are set before us

that we may press forward toward the mark for the prize of the high calling of God in Christ Jesus Love explains what is meant when Christ is said to be our life second what is meant when it says that Christ our life shall appear And lastly what is meant that we will also appear with him in glory These are his main ideas in explaining heaven s glory Love shows that these words are quickening and encouraging having respect to the recompense of reward for the believers who will have such an entrance ministered unto them into the everlasting kingdom of our Lord and Savior Jesus Christ So what will heaven be like This work answers that question almost exhaustively This work is not a scan or facsimile has been carefully transcribed by hand being made easy to read in modern English and has an active table of contents for electronic versions *Death Rituals and Politics in Northern Song China* Mihwa Choi,2017-10-03 In traditional China a funeral and the accompanying death rituals represented a critical moment for the immediate family of the deceased to show their filial piety a core value of the society At the same time death rituals were social occasions and channels for the outward demonstration of belief in a religiously pluralistic society During the Northern Song period however death rituals increasingly became an arena for political contention as attempts were made to transform these practices from a private matter into one subject to state control *Death Rituals and Politics in Northern Song China* examines how political confrontations over the proper conduct of death rituals during Northern Song dynasty 960 1127 inaugurated a period of Confucian revivalism Mihwa Choi interprets Northern Song court politics family ritual practices burial practices and the popular imagination of the afterlife as sites of contest between groups of varying social status political vision and religious belief She demonstrates that the oversight of ritual affairs by scholar officials helped them gain the political upper hand they sought and more broadly fostered a revival of Confucianism as the dominant value system of Chinese society in the period that followed *Weird Confucius* Zhao Lu,2024-03-21 Spanning antiquity until the present Zhao Lu analyses the eclectic and fictitious representations of Confucius that have been widely celebrated by communities of people throughout history While mainstream scholarship mostly considers Confucius in terms of his role as a celebrated man of wisdom and as a teacher with a humanistic worldview Zhao addresses the weirder representations He considers depictions of Confucius as a prophet a fortune teller a powerful demon hunter a shrewd villain of 19th century American newspapers an embodiment of feudal evils in the Cultural Revolution and as a cute friend Zhao asks why some groups would risk contradicting the well accepted image of Confucius with such representations and shows how these illustrations reflect the specific anxieties of these communities He reveals not only how people across history perceived Confucius in diverse ways but more importantly how they used Confucius in daily life ranging from calming their anxiety about the future to legitimizing a dynasty stereotyping Chinese people and even to forging a new sense of history *Simplicius: On Aristotle On the Heavens 1.3-4* Simplicius,2014-04-22 This is the first English translation of Simplicius responses to Philoponus Against Aristotle on the Eternity of the World The commentary is published in two volumes Ian Mueller s previous book in the series *Simplicius On Aristotle On the Heavens 1 2 3* and this book on 1 3 4

Philoponus the Christian had argued that Aristotle's arguments do not succeed for all they show to the contrary Christianity may be right that the heavens were brought into existence by the only divine being and one moment in time and will cease to exist at some future moment Simplicius upholds the pagan view that the heavens are eternal and divine and argues that their eternity is shown by their astronomical movements coupled with certain principles of Aristotle The English translation in this volume is accompanied by a detailed introduction extensive commentary notes and a bibliography

Heaven's Glory; Hell's Terror. Or Two Treatises: the One Concerning the Glory of the Saints with Jesus Christ as a Spur to Duty: the Other of the Torments of the Damned, as a Preservative Against Security. By ... Christopher Love .. Christopher Love, 1721

In Pursuit of the Great Peace Zhao Lu, 2019-05-31 Through an examination of the Great Peace taiping one of the first utopian visions in Chinese history Zhao Lu describes the transformation of literati culture that occurred during the Han Dynasty Driven by anxiety over losing the mandate of Heaven the imperial court encouraged classicism in order to establish the Great Peace and follow Heaven's will But instead of treating the literati as puppets of competing and imagined lineages Zhao uses sociological methods to reconstruct their daily lives and to show how they created their own thought by adopting modifying and opposing the work of their contemporaries and predecessors The literati who served as bureaucrats in the first century BCE gradually became classicists who depended on social networking as they traveled to study the classics By the second century CE classicism had dissolved in this traveling culture and the literati began to expand the corpus of knowledge beyond the accepted canon Thus far from being static classicism in Han China was full of innovation and ultimately gave birth to both literary writing and religious Daoism
