The Shape of Practical Theology Ray S. Anderson, 2025-08-14 Too often in the life of the church theological reflection and the practical matters of leading and serving have been considered independently The result has been the impoverishment of both Christian faith and Christian practice In this groundbreaking book Ray Anderson reflects theologically and practically on preaching worship ethics social justice therapy family homosexuality burnout in ministry reconciliation in relationships and theological education itself The result is *The Shape of Practical Theology* a new and renewing foundation for engaging in Christian ministry Anderson lays out his threefold goal as follows to define more clearly the shape of practical theology as truly a theological enterprise rather than mere mastery of skills and methods to demonstrate the praxis of practical theology as critical engagement with the interface between the word of God as revealed through Scripture and the work of God taking place in and through the church in the world to deal with practical pastoral theology from the perspective of those who are on the field of play of life and ministry where preaching counseling and teaching does affect for many persons the outcome of the game Illuminated by stimulating discussion and helpful case studies *The Shape of Practical Theology* is aimed at seminary students at Christian educators and at working pastors and counselors Anderson s work fascinating and fruitful brings together the Word of God with the Spirit of God in the ever changing context of real life ministry

Rules for Our Walking With God Jeremiah Burroughs, C. Matthew McMahon, Therese B. McMahon, 2017-12-19 The bible is filled with a theology of walking This supernatural and eminently important topic is the substance of this discourse by master exegete and preacher Jeremiah Burroughs 1599 1646 This work is laid out in a series of rules which demonstrate to the Christian what one looks like who in fact walks with God Burroughs main text is And Enoch walked with God and he was not for God took him Gen 5 24 His main doctrine from this text is that it is the great excellency and commendation of a godly man to walk with God Or that it is the highest testimony that can be given that a man walks with God He covers how a person is brought to walk with God shown in six particulars Then he defines specifically what it means to walk with God and their extended excellencies along with exhortations to both Christians and unbelievers as to their interest in walking with God Then he provides ten ways that show people in the church

and even people in the world that a man is walking with God or not Lastly he demonstrates biblical rules toward walking with God in the right manner The last chapter is actually an extra added section that Burroughs decided he could not write this work without That chapter is worth its weight in gold and alone is worth the time of reading this volume It houses the objection concerning the manner in which God sometimes may hide his face from his people for their good though at the time it surely doesn't feel as though desertion is a good thing Burroughs covers being self-deceived in this and answers various particulars concerning how to rightly judge whether one is actually walking with God in the right way whether one is deserted by God and whether such a desertion warrants repentance or just right thinking This work is not a scan or facsimile has been carefully transcribed by hand being made easy to read in modern English and has an active table of contents for electronic versions

Character Theology Tom Steffen, Ray Neu, 2024-02-21 Character Theology provides a natural universal way for the world to engage God through his chosen cast of characters As the media eras continue to change oral to print to digital virtual too many Bible scholars and consequently pastors and Bible teachers in the West and beyond lack capability to effectively communicate Scripture to Millennials Gen Z and Gen Alpha These generations find little if any relevance in the Christianity promoted by those stuck in modernity's sticky abstract systematic theology Character Theology relates sticks and transforms these generations Why Because people grasp and engage God most naturally and precisely through his interaction with biblical characters and their interaction with each other Characters communicate the Creator's characteristics The roadmap to the recovery and expansion of Christianity in the twenty-first century will be through Bible characters
