A Scrap Of Time And Other Stories:

A Scrap of Time and Other Stories Ida Fink, 1995 Named a New York Times Notable Book Winner of the PEN Book of the Month Club Translation Prize Winner of the Anne Frank Prize These shattering stories describe the lives of ordinary people as they are compelled to do the unimaginable a couple who must decide what to do with their five year old daughter as the Gestapo come to march them out of town a wife whose safety depends on her acquiescence in her husband s love affair a girl who must pay a grim price for an Aryan identity card My Mother's Voice Adrienne Kertzer, 2001-12-11 How do children's books represent the Holocaust How do such books negotiate the tension between the desire to protect children and the commitment to tell children the truth about the world If Holocaust representations in children's books respect the narrative conventions of hope and happy endings how do they differ if at all from popular representations intended for adult audiences And where does innocence lie if the children's fable of Roberto Benigni's Life is Beautiful is marketed for adults and far more troubling survivor memoirs such as Anita Lobel s No Pretty Pictures A Child of War are marketed for children How should Holocaust Studies integrate discourse about children's literature into its discussions. In approaching these and other questions Kertzer uses the lens of children's literature to problematize the ways in which various adult discourses represent the Holocaust and continually challenges the conventional belief that children's literature is the place for easy answers and optimistic lessons Essentials of Holocaust Education Samuel Totten, Stephen Feinberg, 2016-03-17 Essentials of Holocaust Education Fundamental Issues and Approaches is a comprehensive guide for pre and in service educators preparing to teach about this watershed event in human history An original collection of essays by Holocaust scholars teacher educators and classroom teachers it covers a full range of issues relating to Holocaust education with the goal of helping teachers to help students gain a deep and thorough understanding of why and how the Holocaust was perpetrated Both conceptual and pragmatic it delineates key rationales for teaching the Holocaust provides useful historical background information for teachers and offers a wide array of practical approaches for teaching about the Holocaust Various chapters address teaching with film and literature incorporating the use of primary accounts into a study of the Holocaust using technology to teach the Holocaust and gearing the content and instructional approaches and strategies to age appropriate audiences A ground breaking and highly original book Essentials of Holocaust Education will help teachers engage students in a study of the Holocaust that is compelling thought provoking and reflective The Holocaust's Jewish Calendars Alan Rosen, 2019-02-28 The most comprehensive to date treatment of these precious artifacts of the Holocaust's Jewish efforts to maintain religious observations and identity Choice Calendars map time shaping and delineating our experience of it While the challenges to tracking Jewish conceptions of time during the Holocaust were substantial Alan Rosen reveals that many took great risks to mark time within that vast upheaval Rosen inventories and organizes Jewish calendars according to the wartime settings in which they were produced from Jewish communities to ghettos and concentration camps The calendars

he considers reorient views of Jewish circumstances during the war and show how Jews were committed to fashioning traditional guides to daily life even in the most extreme conditions In a separate chapter moreover he elucidates how Holocaust era diaries sometimes served as surrogate Jewish calendars All in all Rosen presents a revised idea of time continuity the sacred and the mundane the ordinary and the extraordinary even when death and destruction were the order of the day Rosen's focus on the Jewish calendar the ultimate symbol of continuity as weekday follows weekday and Sabbath follows Sabbath sheds new light on how Jews maintained connections to their way of conceiving time even within the cauldron of the Holocaust Rosen demonstrates the relationship between time and meaning between meaning and holiness between holy days and the divine presence all of which came under assault in the Nazis effort to kill Jewish souls before destroying Jewish bodies David Patterson author of Along the Edge of Annihilation The Collapse and Recovery of Life in the Holocaust Diary The Bloomsbury Companion to Holocaust Literature Jenni Adams, 2014-10-23 The Bloomsbury Companion to Holocaust Literature is a comprehensive reference resource including a wealth of critical material on a diverse range of topics within the literary study of Holocaust writing At its centre is a series of specially commissioned essays by leading scholars within the field these address genre specific issues such as the question of biographical and historical truth in Holocaust testimony as well as broader topics including the politics of Holocaust representation and the validity of comparative approaches to the Holocaust in literature and criticism The volume includes a substantial section detailing new and emergent trends within the literary study of the Holocaust a concise glossary of major critical terminology and an annotated bibliography of relevant research material Featuring original essays by Victoria Aarons Jenni Adams Michael Bernard Donals Matthew Boswell Stef Craps Richard Crownshaw Brett Ashley Kaplan and Fernando Herrero Matoses Adrienne Kertzer Erin McGlothlin David Miller and Sue Vice Writing and Rewriting the Holocaust James Edward Young, 1988-10-22 A carefully prepared historiographical work interprets the meaning of Holocaust literature as it examines the perpetuation of Holocaust memory and understanding in several forms of media studied Includes an extensive bibliography of works Short Story Index ,1994 Killing Time and Other Stories [oel Townsley Rogers,2007-11 From THE JURY BOX Jon Breen's critical column in ELLERY QUEEN Mystery Magazine Joel Townsley Rogers Killing Time and Other Stories with introduction and afterword by Alfred Jan Ramble House Six longish pulp stories dating from 1934 to 1947 represent an undervalued writer The title story about a disabled World War II veteran trying to break into mystery writing offers affectionate parody and fair play detection while the magazine version of the classic The Red Right Hand captures its offbeat flavor only slightly less effectively than at full length The outre plots often involve coincidence though not to the fantastical extent of Harry Stephen Keeler whose complete works are offered by Ramble House An indispensable companion is the earlier Rogers collection Night of Horror and Other Stories Ramble House including the much anthologized minor classic The Murderer and a Rogers bibliography compiled by son Tom Rogers expanded by Francis M Nevins And here s
