Southern Belle and the Daughters of Desire Ryder J. Chase, 2025-09-17 Belleford Georgia 1875 Evangeline Hartwell appears to be everything a Southern lady should be graceful devout and untouchable But beneath the satin and lace she burns with a restless craving Not for polite society suitors but for the rough allure of drifters the strength of railroad men and the forbidden magnetism of a Black preacher whose sermons stir more than her spirit What begins as reckless indulgence grows into something far greater a daring vision cloaked in piety Together with her chosen preacher Evangeline lays the foundation for the Daughters of Divine Mercy a movement that masks desire with devotion and scandal with sanctity Southern Belle and the Daughters of Desire launches an audacious historical tale where passion knows no boundaries propriety is only a mask and one woman's unquenchable appetite may ignite a movement that changes everything

North and South Christine DeVine, Mary Ann Wilson, 2014-07-24 North and South is a multi dimensional look at a prevailing theme in current discourse on the concept of borders This collection of essays invites us to cross historical regional and disciplinary boundaries The contributors consider a range of primary texts use a number of critical approaches and make some surprising connections The borders created by the concepts of north and south provoke us to ask if the terms continue to represent real divisions or if usage and habit have drained them of any real meaning And how have literary texts sought to represent and elucidate the divisions and to complicate and undermine such rigid categories This collection of essays considers such questions and offers some tentative and original answers The essays in North and South treat a wide variety of topics generically and geographically chronologically and creatively They interrogate the elusive topic of boundaries symbolic and literal boundaries as means of communication rather than division boundaries that create borderlands boundaries that invite transgression boundaries that resist erasure Across and within these

Shalom: God's Ultimate Purpose for the World Dae-Young Lee,2021-06-23 What is our preconception about Muslims Do we continue to practice medical missions in a way that is no longer considered an effective means of presenting the gospel to the unreached Is our gospel message biblically balanced and firmly contextualized in the context that we try to serve There are numerous questions that we may ask ourselves when we desire to share God s love with people who are still alienated from it Christian cross cultural missions should reconsider the strategies and attitudes that no longer reflect biblical principles This book brings a lot of insightful thoughts and suggestions from the author s medical ministry experience in the Arab world to those who want to reach out to the unreached The theology of shalom enables us to deeply

understand God's ultimate purpose toward the world that he created and to devote our lives to bring people to his kingdom in the humble way that Jesus has presented throughout his life on earth when he was with us This book demonstrates how Christian medical missions can be manifested in a more biblical way and can serve people who have been physically injured and emotionally broken more effectively *Prose and Poetry* Bret Harte, 1872
