conversation and humorous comment They have always been and perhaps always will be one of the chief concerns of novelists dramatists and poets They are rapidly coming to be recognized as one of the central problems in anthropology sociology and psychology Sex Fiends, Perverts, and Pedophiles Chrysanthi S. Leon, 2011 From Megan OCOs Law to Jessica OCOs Law almost every state in the nation has passed some law to punish sex offenders This popular tough on crime legislation is often written after highly publicized cases have made the gruesome rounds through the media and usually features harsh sentences lifetime GPS monitoring a dramatic expansion of the civil commitment procedures and severe restrictions on where released sex offenders may live In Sex Fiends Perverts and Pedophiles Chrysanthi Leon argues that while the singular notion of the sexual boogeyman has been used to justify these harsh policies not all sex offenders are the same and such OCO one size fits all OCO policies can unfairly punish other offenders of lesser crimes needlessly targeting sometimes ostracizing citizens from their own communities While many recognize that prison is not the right tool for every crime problem Leon compellingly argues that the U S maintains a one size fits all approach to sexual offending which is undermining public safety Leon explains how we OCO ve reached this point OCO with a large incarcerated sex offender population many of whom will be released in the coming years with multiple barriers to their success in the community and without much expertise to guide them or to guide those who are charged to help them Leon argues that we cannot blame the public nor even the politicians except indirectly Instead we might blame the institutions we charge with making placement decisions and with the experts OCO both those who have chosen to work in the field and those who have caused its marginalization Ultimately Leon shows that when policies intended for the worst offenders take over all of us suffer

**Edward II and a Literature of Same-Sex Love** Michael G. Cornelius, 2016-10-21 The narrative retellings of the life reign and death of the English King Edward II reigned 1307 1327 present a unique opportunity for scholars of sexuality in the early modern era This is because the works of authors like Christopher Marlowe Michael Drayton Sir Francis Hubert Elizabeth Cary and Richard Niccols were all inspired by the public cultural memory fashioned from Edward s same sex love affair with Piers Gaveston As such each of them presents a particular representation of and a specific discourse about male male sexual relations in the Renaissance In other words what these works present is a concentrated body of literature about same sex love in the early modern era works that openly and frankly explore the possible origins of the love the reasons and causes for it works that explore the ramifications of male male romantic relationships works that explore the sexual politics and sociocultural dynamics of same sex romantic partnerships and works that describe and denote same sex love from an English Renaissance perspective This study looks at each of the major Renaissance texts about Edward II and examines the means through which each text understands and analyzes the nature of male male same sex love From Marlowe s crafting of a lover identity for Edward to Drayton s obsession with Marlowe s version of gay history from Hubert s Augustinian construction of Edward s nature to Cary s identification with the fallen king to Niccols inspired exemplum what each of these

works demonstrates is that the love that dare not speak its name would not be silenced at least not in the case of Edward and Gaveston When one sees the name Edward II one also sees his same sex loves The correlation has become ingrained into our public recall of history Thus as far as the world is concerned Edward II was and ever will be the gay king     **The Biblio**
