Quinn, 2020-06-27 The Fated Chronicles A Contemporary Portal Fantasy Adventure When an aged and grizzled man insists on selling twins Meghan and Colin Jacoby an ancient book of spells and then vanishes from the carnival grounds moments later well to ignore this would also mean ignoring the other impossible things suddenly happening around them Magical type things like talking books animals popping out of fires creatures lurking in the lake fiery visions come true plus oddly dressed neighbors arriving out of nowhere and afraid of something that stalks the night sky And just when the twins think things can't get any stranger that's when the spell book has a dangerous warning an ancient evil is coming and it's coming for them But why Colin is thirteen going on eighteen but stuck in the body of a ten year old he lives to disappear into a fantasy novel for days His twin sister Meghan despises reading anything without pictures and spends her days picking fights with the bullies that target her geeky brother They're just regular thirteen year old twins well they have spent their lives traveling around the countryside with their uncle in his travel trailer Granted not completely normal but nothing at all remotely magical or otherworldly well if you don't count their ability to hear each other's thoughts or that their parents died mysteriously or that their uncle has a rule to move every few weeks until summertime when they return to the same campground like he's waiting for something But what could this possibly have to do with them A few oddities hardly equal a hidden magical history right Can they unravel the secrets in time Or will magic be lost to these ancient enemies plunging an unaware world into a magical nightmare I think these reviews help sum up the series well This sweeping complex series of 11 books is riveting rollicking and ultimately very satisfying Following the lives of 3 young children in particular whose identities and relationships like so many others in this saga are not what they initially appear to be these page turners are packed with Magic Pathos Teenage Angst Humor Anticipation Conspiracy War and Peace Bucolic Love Time Travel everything but the kitchen sink I picked up Book 1 on a Friday night and binge read all 11 by Tuesday morning If you ever thought you were somehow Special or ever wanted to Save the World these books are for YOU Totally engaging and completely believable the emotional roller coaster keeps the reader invested in each intricate convoluted detail while orchestrating its ultimate message of Love with a few lessons in Morality along the way So many comparisons to Past Present and Future situations are readily apparent So snuggle up on a rainy day and embark on a new adventure I can promise you a surprise around every corner and some serious Fun Amazon reviewer Ascend book 11 of the Fated Saga was an absolute joy and surprise to read While I believe most of us who have been along for the ride since the beginning expected some sort of happy ending I don't think anyone could have anticipated this Ascend wraps up each and every character's story arc and leaves no stone unturned The fact that the ending took me so completely by surprise is one of the things I loved most about this book Each character felt like a real person despite the magical world they lived in The series as a whole dealt with topics like love hate discrimination jealousy

and finding yourself and was able to stay true to the story Nothing felt contrived The bottom line is just WOW I was thrown by the twists I never saw coming as well as the resolutions I d hoped for but had no idea how the author could bring about I do hope we get to read about more of either the characters or the beautiful world created for them History of Magic and Experimental Science (Vol. 1&2) Lynn Thorndike,2023-12-26 Lynn Thorndike s seminal work History of Magic and Experimental Science Volumes 1 2 is a groundbreaking exploration of the intricate interplay between magic alchemy and the nascent field of experimental science from antiquity to the Renaissance Thorndike employs a meticulous historical approach blending rigorous scholarship with an engaging narrative style that brings to life the evolution of scientific thought The two volumes cover a spectrum of practices and beliefs dissecting how magical traditions laid the groundwork for what would eventually become modern scientific inquiry thus situating magic at the crux of intellectual history Thorndike a prominent historian of science in the early 20th century drew on his extensive background in both philosophy and history to illuminate the often overlooked connections between magic and science His deep interest in the historical roots of scientific practices coupled with a conviction that understanding these roots is crucial for comprehending modern science propelled him to undertake this ambitious project His work challenges the prevailing narrative that dismisses magic as mere superstition instead arguing for its essential role in shaping scientific minds This two volume set is invaluable for scholars students and anyone intrigued by the foundations of scientific thought Thorndike s intricate narrative not only enriches our understanding of history but also encourages readers to reassess the boundaries between magic and science It is a must read for those who wish to grasp the profound interrelation of cultural beliefs and scientific advancement *The Magic Book* Mike Holst,2009-11-11 Writer Mike Holst has established himself as one of the more productive fiction authors in Minnesota In the past ten years he has written nine fiction novels and published five of them Some of his works are A Long Way Back Nothing to Lose No Clues in the Ashes Justice for Adam and now The Magic Book All of his stories are Minnesota based stories that reflect his great love for the state he lives in Columnist author and freelance writer he does it all His stories are very descriptive and very real to life Mike now retired lives on a lake in North Central Minnesota with his wife Kitty He is the father of three and the grandfather of eight **Magic Man** J.R.
