**Through the Window, Out the Door** Janis P. Stout, 2020-11-10

This informative and provocative study focuses on the centrality of departure in the texts of five major American women novelists An important moment in many novels and poems by American women writers occurs when a central character looks out a window or walks out the door of a house These acts of departure serve to convey such values as the rejection of constraining social patterns the search for individual fulfillment and the entry into the political Janis Stout examines such moments and related patterns of venture and travel in the fiction of five major American novelists of the 20th century Mary Austin Willa Cather Anne Tyler Toni Morrison and Joan Didion Stout views these five writers within a spectrum of narrative engagements with issues of home and departure a spectrum anchored at one end by Sarah Orne Jewett and at the other by Marilynne Robinson whose *Housekeeping* posits a vision of female transience *Through the Window Out the Door* ranges over an expansive territory Moving between texts as well as between texts and contexts Stout shows how women writers have envisioned the walls of physical and social structures including genres as permeable boundaries drawing on both a rhetoric of liberation and a rhetoric of domesticity to construct narrative arguments for women's right to move freely between the two Stout concludes with a personal essay on the dilemmas of domesticity and the ambivalence of departure

[The New Southern Girl](#) Caren J. Town, 2015-01-24

Much has been written about America's troubled teens particularly endangered teenage girls Works like Mary Pipher's *Reviving Ophelia* and many others have contributed to the general perception that contemporary young women are in a state of crisis Parents educators social scientists and other concerned individuals worry

that our nation's girls are losing their ambition moral direction and self esteem as they enter adolescence which can then lead them to promiscuous sex anorexia drug abuse and at the very least declining math scores In spite of evidence to the contrary in life and literature this bleak picture is seldom challenged but a good place to begin may be with recent literary representations of young women fictional and autobiographical which show proud young women who are highly focused and use their brains and good humor to work toward satisfying adult lives This book addresses the ways in which 12 women writers use their heroines stories to challenge commonly held and frequently damaging notions of adolescence femininity and regional identity The book begins with a chapter on sociological and literary theories of adolescent female development This chapter also includes theoretically informed discussions of young adult fiction and Southern literature Chapters that follow focus on adolescent heroines in the novels and autobiographies of the contemporary Southern women writers Anne Tyler Bobbie Ann Mason Josephine Humphreys Dorothy Allison Kaye Gibbons Tina Ansa Janisse Ray and Jill McCorkle and young adult writers Katherine Paterson Mildred Taylor and Cynthia Voigt Instructors considering this book for use in a course may request an examination copy here *Safe at Last in the Middle Years* Margaret Marganroth Gullette, 2016-02-16

*Advancing Sisterhood?* Sharon Monteith, 2000 Though black and white women have long been associated with the heart of southern culture their relationships with each other in the context of contemporary southern fiction have been largely glossed over until now In *Advancing Sisterhood* Sharon Monteith offers an enlightening map of this new literary ground Beginning with an overview of the theory and literary incarnations of friendship *Advancing Sisterhood* examines how prevalent specific relationships between black and white women have become in the works of Ellen Douglas Kaye Gibbons Connie Mae Fowler Lane von Herzen Ellen Gilchrist Carol Dawson and others Monteith explains that interracial friendships have become an alluring topic for white women writers She also examines these friendships in relation to the ways black women writers and critics have pictured black and white girls and women in the South *Advancing Sisterhood* explores childhood female relationships in such works as *Ellen Foster* and *Before Women Had Wings* and considers recent ecocriticism and its role in charting the female southern landscape Monteith also provides an in depth examination of the archetypal friendship between white housewives and their black servants Through these discussions *Advancing Sisterhood* demonstrates how contemporary white women writers have broadened their work to include friendships between women of diverse backgrounds and to influence literary expression

**The Editor** Sara B. Franklin, 2025-04-22 Legendary editor Judith Jones the woman behind some of the most important authors of the 20th century including Julia Child Anne Frank Edna Lewis John Updike and Sylvia Plath finally gets her due in this surprising granular luminous and path breaking biography

Edward Hirsch author of *How to Read a Poem* At Doubleday's Paris office in 1949 twenty five year old Judith Jones spent most of her time wading through manuscripts in the slush pile and passing on projects until one day a book caught her eye She read it in one sitting then begged her boss to consider publishing it A year later Anne Frank *The Diary of a Young Girl* became a bestseller It was the start of a culture defining career in publishing During her more than fifty years as an editor at Alfred A Knopf Jones nurtured the careers of literary icons such as Sylvia Plath Anne Tyler and John Updike and helped launched new genres and trends in literature At the forefront of the cookbook revolution she published the who's who of food writing Edna Lewis M F K Fisher Claudia Roden Madhur Jaffrey James Beard and most famously Julia Child Through her tenacious work behind the scenes Jones helped turn these authors into household names changing cultural mores and expectations along the way Judith's work spanned decades of America's most dramatic cultural change from the end of World War II through the civil rights movement and the fight for women's equality and the

books she published acted as tools of quiet resistance Now based on exclusive interviews never before seen personal papers and years of research her astonishing career is explored for the first time in this thorough and humanizing portrait Kirkus Reviews     *Songbooks* Eric Weisbard,2021-04-23 In *Songbooks* critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings's 1770 New England Psalm Singer to Jay Z's 2010 memoir *Decoded* Drawing on his background editing the Village Voice music section coediting the Journal of Popular Music Studies and organizing the Pop Conference Weisbard connects American music writing from memoirs biographies and song compilations to blues novels magazine essays and academic studies The authors of these works are as diverse as the music itself women people of color queer writers self educated scholars poets musicians and elites discarding their social norms Whether analyzing books on Louis Armstrong the Beatles and Madonna the novels of Theodore Dreiser Gayl Jones and Jennifer Egan or varying takes on blackface minstrelsy Weisbard charts an alternative history of American music as told through its writing As Weisbard demonstrates the most enduring work pursues questions that linger across time period and genre cultural studies in the form of notes on the fly on sounds that never cease to change meaning     Representing Minorities Soumia Boutkhil,Larbi Touaf,2009-01-14 The papers in this volume include not only the traditional view of what constitutes a minority but also any individual or group recalcitrant and reluctant not to say resistant to the generalized lobotomy operated by the rampant uniformisation of cultures around the world For in the ruins of the end of history and its context of violence and Manichean politics any opposition to the general consensus could be dismissed as anti historical and atavistic The objective of the book is precisely to counter such rhetoric and underscore the necessity of cultural diversity and the right to difference This book contains what can amount to a critical response to the current context of confusion surrounding the postmodern condition that arguably dominates most societies It stresses the issue of ethics not only in world politics but also in literature and criticism which are the main focus here In fact the interest in minority issues is in itself an ethical concern that contributes to give substance to the idea that postmodernity opens the gates for the long suppressed identities and sensibilities to emerge and demand recognition This volume intends therefore to contribute to the recent ethical turn that seems to take place in scholarship worldwide Operated mainly by what is referred to as postcolonial studies this shift turned literary criticism and cultural studies into the site where a sense of literature can be envisioned that is not at all universalist or reflecting the hegemonic temptations of the new world order It seeks to present a patchwork of minor literatures in the sense that besides the major literatures languages there are myriads of minor voices that express dissimilarity oftentimes under the umbrella of those major languages and literatures themselves
