attack marked a victory for German stealth deception and organization Charles Whiting one of the best selling historians of the war examines how the Allies could have anticipated the attack had they not been lulled into a false sense of security He also delves into the controversy over whether George Patton had received advance word of the offensive but failed to warn the frontline divisions This question and many others are at last answered in *Ghost Front The Praetorian STARShip : the untold story of the Combat Talon* ,2001 Jerry Thigpen s study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C 130 derivative ever produced First modified and sent to Southeast Asia SEA in 1966 to replace theater unconventional warfare UW assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff JCS chose the Combat Talon to lead the night low level raid on the North Vietnamese prison camp at Son Tay Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long range clandestine operations In the period following the Vietnam War United States Air Force USAF special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever increasing threat to our nation Under the leadership of such committed hard driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force It was capable of penetrating hostile airspace at night in a low level mountainous environment covertly to execute any number of unconventional warfare missions

Haunting Legacy Marvin Kalb,Deborah Kalb,2012-08-27 The United States had never lost a war that is until 1975 when it was forced to flee Saigon in humiliation after losing to what Lyndon Johnson called a raggedy ass little fourth rate country The legacy of this first defeat has haunted every president since especially on the decision of whether to put boots on the ground and commit troops to war In *Haunting Legacy* the father daughter journalist team of Marvin Kalb and Deborah Kalb presents a compelling accessible and hugely important history of presidential decisionmaking on one crucial issue in light of the Vietnam debacle under what circumstances should the United States go to war The sobering lesson of Vietnam is that the United States is not invincible it can lose a war and thus it must be more discriminating about the use of American power Every president has faced the ghosts of Vietnam in his own way though each has been wary of being sucked into another unpopular war Ford during the Mayaguez crisis and both Bushes Persian Gulf Iraq Afghanistan deployed massive force as if to say Vietnam be damned On the other hand Carter Clinton and Reagan to the surprise of many acted with extreme caution mindful of the Vietnam experience Obama has also wrestled with the Vietnam legacy using doses of American firepower in Libya while still engaged in Iraq and Afghanistan The

authors spent five years interviewing hundreds of officials from every post war administration and conducting extensive research in presidential libraries and archives and they've produced insight and information never before published. Equal parts taut history revealing biography and cautionary tale, *Haunting Legacy* is must reading for anyone trying to understand the power of the past to influence war and peace decisions of the present and of the future. *Haunting Legacy* Marvin L. SOG Medic Joe Parnar, Robert Dumont, 2018-09-19. The hair-raising details of the second-by-second events of a Special Forces medic's covert operations during the Vietnam War. On Point: The Journal of Army History Online. In the years since the Vietnam War, the elite unit known as the Studies and Observations Group (SOG) has spawned many myths, legends, and war stories. Special Forces medic Joe Parnar served with SOG during 1968 in FOB 2 CCC near the tri-border region that gave them access to the forbidden areas of Laos and Cambodia. Parnar recounts his time with the recon men of this highly classified unit as his job involved a unique combination of soldiering and lifesaving. His stories capture the extraordinary commitment made by all the men of SOG and reveal the special dedication of the medics who put their own lives at risk to save the lives of their teammates. Parnar also discusses his medical training with the Special Forces. A well-written, interesting account of Parnar's three-year term of enlistment in the US Army, culminating as a Special Forces medic in Vietnam from 1968 to 1969. Parnar takes the time to provide context, circumstance, and motivation for heroism and tragedy for US soldiers and the indigenous Vietnamese soldiers and civilians with whom he worked. The service, sacrifice, and valor of a generation are vividly documented in the pages of *SOG Medic*. ARMY Magazine. **Operation Chowhound** Stephen

Dando-Collins, 2015-02-24. The true story of a little-known yet remarkable World War II operation which had all the hallmarks of a suicide mission. Beginning with a crazy plan hatched by a suspect prince and an even crazier reliance on the word of the Nazis, Operation Chowhound was devised. Between May 1 and May 8, 1945, 2,268 military units flown by the USAAF dropped food to 3.5 million starving Dutch civilians in German-occupied Holland. It took raw courage to fly on Operation Chowhound as American aircrews never knew when the German AAA might open fire on them or if Luftwaffe fighters might jump them. Flying at 400 feet, barely above the tree tops, with guns pointed directly at them, they would have no chance to bail out if their B-17s were hit, and yet over eight days, 120,000 German troops kept their word and never fired on the American bombers. As they flew, grateful Dutch civilians spelled out "Thanks, Boys" in the tulip fields below. Many Americans who flew in Operation Chowhound would claim it was the best thing they did in the war. In this gripping narrative, author Stephen Dando-Collins takes the reader into the rooms where Operation Chowhound was born, into the aircraft flying the mission, and onto the ground in the Netherlands with the civilians who so desperately needed help. James Bond creator Ian Fleming, Hollywood actress Audrey Hepburn, as well as Roosevelt, Eisenhower, and Churchill, all play a part in this story, creating a compelling
