A Twenty Year Project English Edition:

Gesta Danorum Saxo (Grammaticus), 2015 Saxo was probably a canon of Lund Cathedral at that period a Danish cathedral and lived at the end of the twelfth century He was in the service of Archbishop Absalon who encouraged him to write a history of his own country from the beginnings up to his own time with a strong Christian bias Starting with the myths and heroic tales of primitive Scandinavia he devoted the first nine of his sixteen books to legendary material before dealing with the first kings of the Viking age and finished in 1285 after relating the earlier exploits of King Cnut Valdemarsson The activities of the Danish kings were intimately bound up with the monarchies of Norway and Sweden Cnut the Great one of Saxo's heroes whose empire stretched as far as Britain and Iceland was ruler of both these countries In the last books Saxo took particular concern to describe the campaigns of Valdemar the Great and his warrior archbishop Absalon against the Wends of North Germany The work is a prosimetrum that is in six of the first nine books he inserts poems which are intended to parallel specimens of old Danish heroic poetry in Latin metres Saxo's Latin prose style is often complex based as it is on models like Valerius Maximus and Martianus Capella but he is a lively and compelling story teller often displaying a rather sly sense of humour and an interest in the supernatural He is the first author to give a full account of Hamlet whose adventures he relates at some length the elements of which in a great many respects correspond surprisingly closely with the characters and incidents of Shakespeare's play Volume II of Saxo Grammaticus contains books 11-16 of Saxo's work mainly dealing with the history of the first Danish kings

Who Gets to Go Back-To-the-Land? Valerie Padilla Carroll, 2022-12 In *Who Gets to Go Back to the Land* Valerie Padilla Carroll examines a variety of media from the last century that proselytized self sufficiency as a solution to the economic instability environmental destruction and perceived disintegration of modern America In the early twentieth century books already advocated an escape for the urban white collar male The suggestion became more practical during the Great Depression and magazines pushed self sufficiency lifestyles By the 1970s the idea was reborn in newsletters and other media as a radical response to a damaged world allowing activists to promote the simple life as environmental gender and queer justice At the century's end a great variety of media promoted self sufficiency as the solution to a different set of problems from survival at the millennium to wanderlust of millennials Nevertheless these utopian narratives are written overwhelmingly for a particular audience one that is white male and white collar Padilla Carroll's archival research of the books newspapers magazines newsletters websites blogs and videos promoting the life of the agrarian smallholder

illuminates how embedded race class gender and heteronormative dogmas in these texts reinforce dominant power ideologies and ignore the experiences of marginalized people Still Padilla Carroll also highlights how those left out have continued to demand inclusion by telling their own stories of self sufficiency rewriting and reimagining the movement to be collaborative inclusive and rooted in both human and ecological justice North Korea and Northeast Asia Samuel S. Kim,Tai Hwan Lee,2002-10-09 A country of stark contradictions and puzzles North Korea exhibits uncanny resilience in the face of external shocks and internal woes raising important questions of theoretical and real world significance What has made it possible for North Korea to defy the classical realist axiom The strong do what they have the power to do and the weak accept what they have to accept What is the nature of the North Korean threat in post Cold War Northeast Asia What kind of bargaining leverage does Pyongyang exercise in system maintaining survival strategies What are North Korea s prospects for sustaining such survival strategies in the uncertain years ahead This volume offers a major reappraisal of the changing relationship between North Korea and its neighboring powers in the post Cold War era in both theoretical and practical terms The contributors examine the complex interplay of global regional and national forces that have influenced and shaped the changing patterns of conflict and cooperation in North Korea s relationships with China Russia and Japan and with the United States Within the context of Northeast Asian geopolitics the book tracks explains and assesses North Korea s survival strategies in both the security and economic domains as well as the prospects of these strategies in the coming years

Praying to the West Omar Mouallem,2021-09-21 Omar Mouallem grew up in a Muslim household but always questioned the role of Islam in his life As an adult he embraced atheism and used his journalism to criticize what he saw as the harms of organized religion But none of that changed the way others saw him and he began to wonder how compatible Islam truly is with the west Now as a father he fears for the challenges his children will no doubt face In *Praying to the West* he explores the unknown history of Islam across the Americas traveling to thirteen unique mosques in search of an answer to how this religion has survived and thrived so far from the place of its origin From California to Quebec and from Brazil to Canada s icy north he meets the members of fascinating communities all of whom provide different perspectives on what it means to be Muslim Along this journey he comes to understand that Islam has played a fascinating role in how the Americas were shaped from industrialization to the changing winds of politics And he also discovers that there may be a place for Islam in his own life particularly as a father even if he will never be a true believer Original insightful and beautifully written *Praying to the West* reveals a secret history of home and belonging taking place in towns and cities across the Americas and points to a better more inclusive future for everyone **Legislative Calendar** United States. Congress. House. Committee on Banking, Finance, and Urban Affairs,1985 *The Artist's Estate* Dr. Loretta Würtenberger,2021-11-24 Andy Warhol bequeathed us the words Death can really make you look like a star But death per se is not a catalyst for the relevance of an artist What is of crucial importance is the proper management structure for the posthumous preservation and development of

an artistic estate The handbook by Loretta W rtenberger presents the possible legal framework appropriate financing models as well as the proper handling of the market museums and academia Her business Fine Art Partners has advised artists and artists estates for many years in their structuring and development of estate concepts as well as in operative questions Based on numerous international examples the author explains the different alternatives for maintaining an artist s estate and makes recommendations on how to ideally handle work archives and mementos following the death of an artist **Made in Mexico** Susan M.
