Reading, Translating, Rewriting Martine Hennard Dutheil de la Rochère, 2013-11-15 In translating Charles Perrault's seventeenth century *Histoires ou contes du temps passé* with des Moralités into English Angela Carter worked to modernize the language and message of the tales before rewriting many of them for her own famous collection of fairy tales for adults *The Bloody Chamber* published two years later In *Reading Translating Rewriting* Angela Carter's Translational Poetics author Martine Hennard Dutheil de la Rochère delves into Carter's *The Fairy Tales* of Charles Perrault 1977 to illustrate that this translation project had a significant impact on Carter's own writing practice Hennard combines close analyses of both texts with an attention to Carter's active role in the translation and composition process to explore this previously unstudied aspect of Carter's work She further uncovers the role of female fairy tale writers and folktales associated with the Grimms *Kinder und Hausmärchen* in the rewriting process unlocking new doors to *The Bloody Chamber* Hennard begins by considering the editorial evolution of *The Fairy Tales* of Charles Perrault from 1977 to the present day as Perrault's tales have been rediscovered and repurposed In the chapters that follow she examines specific linkages between Carter's Perrault translation and *The Bloody Chamber* including targeted analysis of the stories of *Red Riding Hood* *Bluebeard* *Puss in Boots* *Beauty and the Beast* *Sleeping Beauty* and *Cinderella* Hennard demonstrates how even before *The Bloody Chamber* Carter intervened in the fairy tale debate of the late 1970s by reclaiming Perrault for feminist readers when she discovered that the morals of his worldly tales lent themselves to her own materialist and feminist goals Hennard argues that *The Bloody Chamber* can therefore be seen as the continuation of and counterpoint to *The Fairy Tales* of Charles Perrault as it explores the potential of the familiar stories for alternative retellings While the critical consensus reads into Carter an imperative to subvert classic fairy tales the book shows that Carter valued in Perrault a practical educator as well as a proto folklorist and went on to respond to more hidden aspects of his texts in her rewritings

Alfred Tennyson Baron Tennyson, 1898 The Rewarde of Wickednesse Richard Robinson, 2009 Richard Robinson's *The Rewarde of Wickednesse* 1574 is a quasi epic poem that imitates the de casibus form of *A Mirror for Magistrates* and makes a clear indication of the hellish position of the damned Robinson wrote the poem during the period when his employer George Talbot was appointed as the jailer over Elizabeth's cousin Mary Stuart during the period of her imprisonment at Sheffield Castle and Sheffield Manor The poem is anti Catholic polemic but it is not simply an invective against Catholicism Robinson's work condemns bad moral behaviour but in the context of the dialectical opposition between Catholicism and Protestantism an opposition that was not clearly demarcated during this period Robinson's poem *The Rewarde of Wickednesse* explores the notion that sinful people on earth are influenced by a Hellish force but he emphasises the punishment for sin and makes the link between the damned and Hell *The Rewarde of Wickednesse* through its inclusion of different and sometimes opposing traditions faiths and literary formats reveals an Elizabethan culture rife with the apprehensions concerning salvation and damnation that define early English Protestantism Robinson stages his laments for the sinners in the space of Hell as he and the god Morpheus travel through the underworld witnessing the punishments inflicted on sinners Allyna E Ward is Assistant Professor of English at Booth College in Winnipeg Canada where she works on Tudor and Early Modern Literature *Shakespeare's tragedy of King Richard III. as produced by E.
