Mary Louise

A Very Private Diary A Nurse In Wartime English Edition:

A Very Private Diary Mary Morris, 2015-01-29 The newly discovered diary of a wartime nurse a fascinating dramatic and unique insight into the experiences of a young nurse in the Second World War I always seem to be saying good bye to men whom I might have loved had there been enough time 1939 18 year old trainee nurse Mary Mulry arrives in London from Ireland hoping for adventure Little did she know what the next seven years would bring In her extraordinary diary published now for the first time Mary records in intimate detail her life as a nurse both on the Home Front and on the frontline From nursing children during bombing raids in London to treating Allied soldiers in Normandy Mary's experiences gave her vivid and unforgettable material for the private diary she was dedicated to keeping Filled with romance glamour and inevitably sadness too these are the rich memories of an irrepressible personality living through the turbulent years of the Second World War

A Very Private Diary Mary Morris, 2015-11-15 1939 Mary Mulry was eighteen years old when she arrived in London from Ireland to begin training as a nurse She had hoped for an adventure and a new start she could not have predicted what the next seven years would bring In this extraordinary diary Mary recorded in intimate detail her experiences as a nurse on the Home Front and later working on the frontline in Europe In Normandy she tended to Allied soldiers and German prisoners of war In war torn Belgium she witnessed harrowing casualties from the Battle of Arnhem Yet romance glamour and adventure were never far away for Mary

Negotiating nursing Jane Brooks, 2018-05-17 This electronic version has been made available under a Creative Commons BY NC ND open access license Negotiating Nursing explores how the Queen Alexandra's Imperial Military Nursing Service Q A's salvaged their soldier patients within the sensitive gender negotiations of what should and could constitute nursing work and where that work could occur The book argues that the Q A's an entirely female force during the Second World War were essential to recovering men from the battlefield and for the war despite concerns about women's presence on the frontline Using personal testimony the book maps the developments in nurses work as they created a legitimate space for themselves in war zones and established their position as the expert at the bedside Yet despite the acknowledgement of nurses vital role in the medical service their position was gendered As the women of Britain were returned to the home post war it was the military nurses womanhood that stymied their considerable skills from being transferred to the new welfare state

[The Battle of London 1939-45](#) Jerry White, 2021-11-04 Endlessly fascinating White is such a brilliant historian Mail on Sunday Lasting for six long years the Blitz transformed life in the capital beyond recognition marking a time of almost constant anxiety disruption deprivation and sacrifice for Londoners With the capital the nation's frontline during the Second World War by its end 30 000 inhabitants had lost their lives While much has been written about the Myth of the Blitz its riveting social history has often been overlooked Unearthing what it was actually like for those living through those tempestuous years Jerry White paints a fascinating portrait of the daily lives of ordinary Londoners telling the story through their own voices As a history of the capital in

wartime it is probably unsurpassable Sunday Telegraph An impressive history of the capital at war White an accomplished chronicler of London s history tells it with brio and a confident mastery of the sources Literary Review Living War, Thinking Peace (1914-1924) Bruna Bianchi, Geraldine Ludbrook, 2016-04-26 This volume is the result of a long commitment of the online journal DEP Deportate esuli profughe to the themes of women pacifists thought and activism in the 1900s The volume is a collection of contributions centred around three main themes The first part Living War Women s Experiences during the War brings together first hand accounts from women s lives as they face the horrors of war drawn mainly from original sources such as diaries letters memoirs and writings The second Thinking Peace Feminist Thought and Activism explores the lives and thought of several key women activists who challenged inequalities and sought to create new opportunities for women contributing to the definition of a transnational culture of peace The final section International Relations Toward Future World Peace examines the work of a group of women who saw the outbreak of the First World War and the emergence of an international women s movement for peace as an opportunity to act for their personal emancipation and in some cases for a different idea of politics The volume fills a notable gap in international history studies providing a selection of contributions from little known European contexts such as Italy Poland and Austria The presence and contribution of African American women which has been neglected in the history of women s pacifism is also explored Particular attention is given to the Women s International League for Peace and Freedom and to the International Congress of Women held in The Hague in 1915 The Selected Writings of Maurice O'Connor Drury Maurice O'Connor Drury, 2017-09-21 Maurice O Connor Drury was among Wittgenstein s first students after his return to Cambridge in 1929 The subsequent course of Drury s life and thought was to be enormously influenced by his teacher from his decision to become a doctor to his later work in psychiatry The Selected Writings of Maurice O Connor Drury brings together the best of his lectures conversations and letters on philosophy religion and medicine Central to the collection is the Danger of Words the 1973 text described by Ray Monk as the most truly Wittgensteinian book published by any of Wittgenstein s students Through notes on conversations with Wittgenstein letters to a student of philosophy and correspondence of almost 30 years with Rush Rhees Drury gives shape to what he had learned from Wittgenstein Whether discussing methods of philosophy Simone Weil or the power of hypnosis he makes fascinating excursions into the bearing of Wittgenstein s thought on philosophy and the practice of medicine and psychiatry With an introduction presenting a new biography of Drury analysing the relationship between him and Wittgenstein The Selected Writings of Maurice O Connor Drury features previously unpublished archival sources Beautifully written and carefully selected each piece reveals the impact of Wittgenstein s teachings shedding light on the friendship and thinking of one of the most important philosophers of the 20th century Women's Lives and Clothes in WW2 Lucy Adlington, 2019-10-30 An illustrated history of World War II era women s fashions featuring ladies from all nations involved in conflict What would you wear to war How would you dress for a winter

mission in the open cockpit of a Russian bomber plane At a fashion show in Occupied Paris Singing in Harlem or on fire watch in Tokyo Women s Lives and Clothes in WW2 is a unique illustrated insight into the experiences of women worldwide during World War II and its aftermath The history of ten tumultuous years is reflected in clothes fashion accessories and uniforms As housewives fighters fashion designers or spies women dressed the part when they took up their wartime roles Attractive to a general reader as well as a specialist Women s Lives and Clothes in WW2 focuses on the experiences of British women then expands to encompass every continent affected by war Woven through all cultures and countries are common threads of service survival resistance and emotion Historian Lucy Adlington draws on interviews with wartime women as well as her own archives and costume collection Well known names and famous exploits are featured alongside many never before told stories of quiet heroism You ll indulge in luxury fashion bridal ensembles and enticing lingerie as well as thrifty make do and mend You ll learn which essential garments to wear when enduring a bomb raid and how a few scraps of clothing will keep you feeling human in a concentration camp Women s Lives and Clothes in WW2 is richly illustrated throughout with many previously unpublished photographs 1940s costumes and fabulous fashion images History has never been better dressed

[A Bloody Dawn](#) Dan Harvey,2019-04-22 The epic Allied invasion of German occupied Normandy on D Day 6 June 1944 has been extensively chronicled The largest seaborne invasion in history it began the liberation of German occupied France and later Europe from Nazi control laying the foundations of the Allied victory on the Western Front What is less well known however is that thousands of Irish and members of the Irish diaspora were among the Allied units that landed on the Normandy beaches Their vital participation has been overlooked abroad and even more so in Ireland There were Irish among the American British and Canadian airborne and glider borne infantry landings Irishmen were on the beaches from dawn in and amongst the first and subsequent assault waves to hit the beaches in the skies above in bombers and fighter aircraft and on naval vessels all along the Normandy coastline They were also prominent among the D Day planners and commanders This Irish contribution to the most extraordinary military operation ever attempted in the history of warfare is at last told for the first time in *A Bloody Dawn The Irish at D Day*

A Bloody Summer Dan Harvey,2020-07-06 The Battle of Britain regarded by historians as one of the greatest air battles in the history of warfare was an early turning point in the Second World War In the summer of 1940 the German army had with astonishing speed mercilessly swept aside all before them and were perched on the northern coastline of France Outright victory over all of Europe was impeded only by the expanse of the English Channel The supremely confident yet to be defeated Luftwaffe German Air Force were eager for continued action to claim air superiority and victory over an outnumbered RAF and clear the skies for the amphibious invasions of Britain and Ireland It was vital that the RAF deny them and so a ferocious and highly strategic aerial battle began that was to rage for more than three months Among those in the RAF s Spitfire and Hurricane fighter squadrons were Irishmen who were in the thick of the aerial exchanges daring dog fights and intrepid interceptions of German bombers *A Bloody Summer The Irish at*

the Battle of Britain for the first time tells the true and full story of their heretofore underestimated involvement in this epic aerial encounter *Nursing History Review, Volume 27* Patricia D'Antonio, PhD, RN, FAAN, 2018-08-24 Nursing History Review an annual peer reviewed publication of the American Association for the History of Nursing is a showcase for the most significant current research on nursing history Regular sections include scholarly articles over a dozen book reviews of the best publications on nursing and health care history that have appeared in the past year and a section abstracting new doctoral dissertations on nursing history Historians researchers and individuals fascinated with the rich field of nursing will find this an important resource Included in Volume 27 Hidden and Forgotten Being Black in the American Red Cross Town and Country Nursing Service 1912 1948 Not only with Thy Hands But Also with Thy minds Salvaging Psychologically Damaged Soldiers in the Second World War Cold Interests Hot Conflicts How a Professional Association Responded to a Change in Political Regimes The Historian and the Activist How to Tell Stories that Matter Louise Fitzpatrick EdD RN FAAN March 24 1942 September 1 2017 **Under Cover of Darkness** Amy Helen Bell, 2024-11-05 A gripping new history of London during the Blackout revealing the violent crime that spread across the capital under the cover of darkness Fear was the unacknowledged spectre haunting the streets of London during the Second World War fear not only of death from the German bombers circling above but of violence at the hands of fellow Londoners in the streets below Mass displacement the anonymity of shelters and the bomb scarred landscape offered unprecedented opportunities for violent crime In this absorbing sometimes shocking account Amy Helen Bell uncovers the hidden stories of murder and violence that were rife in wartime London Bell moves through the city examining the crimes in their various locations from domestic violence in the home to robberies in the blacked out streets and fights in pubs and clubs She reveals the experiences of women children and the elderly and focuses on the lives of the victims as well as their deaths This groundbreaking study transforms our understanding of the ways in which war made people vulnerable not just to the enemy but to each other **Working in a world of hurt** Carol Acton, Jane Potter, 2015-07-01 Working in a world of hurt fills a significant gap in the studies of the psychological trauma wrought by war It focuses not on soldiers but on the men and women who fought to save them in casualty clearing stations hospitals and prison camps The writings by doctors nurses ambulance drivers and other medical personnel reveal the spectrum of their responses that range from breakdown to resilience Through a rich analysis of both published and unpublished personal from the First World War in the early twentieth century to Iraq in the early twenty first Acton and Potter put centre stage the letters diaries memoirs and weblogs that have chronicled physical and emotional suffering many for the first time Wide ranging in scope interdisciplinary in method and written in a scholarly yet accessible style Working in a world of hurt is essential reading for lecturers and students as well as the general reader *Sheer Misery* Mary Louise, 2021-04-20 Marching across occupied France in 1944 American GI Leroy Stewart had neither death nor glory on his mind he was worried about his underwear which was engaged in a relentless crawl of its own Similar complaints of

physical discomfort pervade infantrymen's memories of the European theater whether the soldiers were British American German or French Wet freezing misery with no end in sight this was life for millions of enlisted men during World War II Sheer Misery trains a humane and unsparing eye on the corporeal experiences of the soldiers who fought in Belgium France and Italy during the last two years of the war In the horrendously unhygienic and often lethal conditions of the front line their bodies broke down stubbornly declaring their needs for warmth rest and good nutrition Feet became too swollen to march fingers too frozen to pull triggers stomachs cramped and diarrhea stained underwear and pants Turning away from the accounts of high level military strategy that dominate many WWII chronicles acclaimed historian Mary Louise Roberts instead relies on diaries and letters to bring to life visceral sense memories like the moans of the screaming meemies the acrid smell of cordite and the shockingly mundane sight of rotting corpses As Roberts writes For soldiers who fought the war was above all about their bodies

The Bombing of London 1940-41: The Blitz and its impact on the capital John Conen, 2023-01-28 A concise and balanced view of what is known as the Blitz on London The title emphasizes bombing over blitz and recognises that the meaning of the Blitz has now acquired other general connotations and is often equated to Britain in wartime or the spirit of carrying on

Landscapes and Voices of the Great War Angela K. Smith, Krista Cowman, 2017-02-03 This volume continues the recent trend towards expanding definitions of war experience through considering a range of different landscapes and voices Not all landscapes were comprised of trenches and barbed wire Voices supporting or dissenting were many and varied Collectively they combine to offer fresh insights into the multiplicity of war experience alternate spaces to the familiar tropes of mud and mayhem

A Bloody Victory Dan Harvey, 2020-05-11 Post D Day with the Allies on the newly created Second Front driving fast eastwards beyond Paris and the Russians on the Eastern Front pressing westwards the fervour of the fanatical Fascist Nazi Regime remained undiminished For the Third Reich it was intolerable to believe that they must now concede Instead of ending the war and suing for peace the levels of hostility hatred and horror heightened and the brutality viciousness and terror increased The resistance to the Allied advances across Europe first towards then within Germany intensified and every inch of the Fatherland was bitterly contested With the Allies in their thousands were the Irish A Bloody Victory unearths these people from the corners of Irish history and transports them back to the D Day beaches and the bridge at Arnhem to the frozen landscapes at the Battle of the Bulge the banks of the River Rhine to the unimaginable horrors of Bergen Belsen and Buchenwald concentration camps and finally to the ruinous Battle of Berlin There was no one individual Irish narrative in the Second World War but there was a narrative of Irish Individuals and in A Bloody Victory Dan Harvey pays due tribute to their significant contribution

Mixing It Wendy Webster, 2018-02-02 During the Second World War people arrived in Britain from all over the world as troops war workers nurses refugees exiles and prisoners of war chiefly from Europe America and the British Empire Between 1939 and 1945 the population in Britain became more diverse than it had ever been before Through diaries letters and interviews

Mixing It tells of ordinary lives pushed to extraordinary lengths Among the stories featured are those of Zbigniew Siemaszko deported by the Soviet Union fleeing Kazakhstan on a horse drawn sleigh and eventually joining the Polish army in Scotland via Iran Iraq and South Africa and Johnny Pohe the first Maori pilot to serve in the RAF who was captured and eventually murdered by the Gestapo for his part in the Great Escape This is the first book to look at the big picture of large scale movements to Britain and the rich variety of relations between different groups When the war ended awareness of the diversity of Britain s wartime population was lost and has played little part in public memories of the war Mixing It recovers this forgotten history It illuminates the place of the Second World War in the making of multinational multiethnic Britain and resonates with current debates on immigration

The World of the Civil War Lisa . Tendrich Frank,2015-07-28 Covering everything from the arts to food and drink religion social customs and technology this two volume set provides an in depth accessible look at the social cultural economic and political aspects of the American Civil War The American Civil War caused dramatic changes in every aspect of life and society affecting combatants and noncombatants at all levels of the socioeconomic scale The World of the Civil War A Daily Life Encyclopedia offers an accessible and reliable reference for the major topics that defined American life during the nation s most tumultuous era Taking a blended approach to history this book covers the military and political history of the era and examines the social and human experiences of the war thereby offering a comprehensive look at the Civil War era s most significant events people places and experiences The thematic organization of this encyclopedia helps readers to more readily explore related topics The subject matter explored in some 250 entries includes religious beliefs and practices rites of passage soldiers lives and experiences rural and urban life social structure of the Civil War era aristocrats landowners and slaves men s and women s roles and responsibilities holidays festivals and other celebrations tools machinery and inventions and justice and punishment Readers will come away with an understanding of many aspects of daily life during the Civil War era and gain appreciation for the vast differences between life today and 150 years ago

Medicine and Warfare Nicholas Coni,2013-02-01 This original work examines the differences in medical advances on the two sides of the Spanish Civil War Covering all aspects of medical treatment during the war Coni covers new ground with great aplomb and delivers a book which will interest scholars involved with medical history as well as those interested in contemporary European history

Women's Diaries from the Civil War South Sharon Talley,2023-08-18 Traditionally narratives of war have been male Sharon Talley writes In the pages that follow she goes on to disrupt this tradition offering close readings and comparative studies of fourteen women s diaries from the Civil War era that illuminate women s experiences in the Confederacy during the war While other works highlighting individual diaries exist and Talley notes that there has been a virtual explosion of published primary sources by women in recent years this is the first effort of comprehensive synthesis of women s Civil War diaries to attempt to characterize them as a distinct genre Deeply informed by autobiographical theory as well as literary and social history Talley s presentation of multiple

diaries from women of differing backgrounds illuminates complexities and disparities across female wartime experiences rather than perpetuating overgeneralizations gleaned from a single diary or preconceived ideas about what these diaries contain To facilitate this comparative approach Talley divides her study into six sections that are organized by location vocation and purpose diaries of elite planter women diaries of women on the Texas frontier diaries of women on the Confederate border diaries of espionage by women in the South diaries of women nurses near the battlefield and diaries of women missionaries in the Port Royal Experiment When read together these writings illustrate that the female experience in the Civil War South was not one but many *Women's Diaries from the Civil War South: A Literary Historical Reading* is an essential text for scholars in women's studies autobiography studies and Civil War studies alike presenting an in depth and multifaceted look at how the Civil War reshaped women's lives in the South and how their diverse responses shaped the course of the war in return

Whispering the Secrets of Language: An Psychological Quest through **A Very Private Diary A Nurse In Wartime English Edition**

In a digitally-driven earth where monitors reign supreme and quick transmission drowns out the subtleties of language, the profound techniques and emotional nuances concealed within words usually go unheard.
