Whelehan, J. Gwynne, 2014-11-06 How has popular film you television and fiction responded to the realities of an ageing Western population This volume analyses this field of representation to argue that while celebrations of ageing as an inspirational journey are increasing most depictions still focus on decline and deterioration Seventies British Cinema Robert Shail, 2019-07-25 Seventies British Cinema provides a comprehensive re evaluation of British film in the 1970s The decade has long been written off in critical discussions as a doldrums period in British cinema perhaps because the industry facing near economic collapse turned to unacceptable low culture genres such as sexploitation comedies or extreme horror The contributors to this new collection argue that 1970s cinema is ripe for reappraisal giving serious critical attention to populist genre films they also consider the development of a British art cinema in the work of Derek Jarman and Peter Greenaway and the beginnings of an independent sector fostered by the BFI Production Board and producers like Don Boyd A host of highly individual directors managed to produce interesting and cinematically innovative work against the odds from Nicolas Roeg to Ken Russell to Mike Hodges As well as providing a historical and cinematic context for understanding Seventies cinema the volume also features chapters
