## Steps to write a **MEETING REPORT**

### **Start With the Basics**

A professional meeting report should be able to cover three important things: the reason the meeting took place, where it was being held, and the schedule.

### **Make a List of the Participants**

Even a simple meeting report must contain the name of every single individual. While writing, be sure to put in their first and last names.

### **Point Out What Was Covered**

Make sure that each one you list down has a proper description so that the reader can easily discern what it was that everyone managed to cover.

### **Share the Actions and Tasks**

It is very likely that those who were involved discussed what kind of actions must be taken as well as what tasks need to be done in order to solve a problem.

### **List Down What Was Agreed**

Point out what particular actions have been agreed upon by those involved in the meeting. You must first point out exactly which ones were accepted.
