Rudyard Kipling, W. Heath Robinson

A Song Of The English Illustrated:

A Song of the English - Illustrated by W. Heath Robinson Rudyard Kipling, 2022-05-18 This edition of Kipling's *The Song of the English* was originally published in November 1909. It included the six subsidiary poems: *The Coastwise Lights*, *The Song of the Dead*, *The Deep Sea Cables*, *The Song of the Sons*, *The Song of the Cities*, and *England's Answer*. The theme underlying much of this collection is that the English are the Chosen under the Lord so long as they obey the Law. This is one of Kipling's earliest verses specifically setting out his vision of the British Empire and the duties which it imposes on the English British people. His definition of the English is wide, certainly embracing the people of the overseas Empire: Australia, New Zealand, Canada, South Africa, but arguably also the Americans. These classic poems are accompanied by thirty incredible colour illustrations and many beautiful and intricate black and white drawings by W. Heath Robinson. An English cartoonist and illustrator best known for drawings of ridiculously complicated machines for achieving deceptively simple objectives. Such was and is his fame that the term *Heath Robinson* entered the English language during the First World War as a description of any unnecessarily complex and implausible contrivance. *A Song of the English (Illustrated)* Rudyard Kipling, W. (Reprinted from 'The Seven Seas.') Illustrated by W. Heath Robinson.** Rudyard Kipling, William Heath Robinson, 1909 **A Song of the English (1909).** By Rudyard Kipling, W. Heath Robinson, 2017-01-21 Joseph Rudyard Kipling (30 December 1865 – 18 January 1936) was an English journalist, short story writer, poet, and novelist. Kipling's works of fiction include *The Jungle Book* (1894), *Kim* (1901), and many short stories, including *The Man Who Would Be King* (1888). His poems include *Mandalay* (1890), *Gunga Din* (1890), *The Gods of the Copybook Headings* (1919), *The White Man's Burden* (1899), and *If* (1910). He is regarded as a major innovator in the art of the short story; his children's

books are classics of children's literature and one critic described his work as exhibiting a versatile and luminous narrative gift. Kipling was one of the most popular writers in the United Kingdom in both prose and verse in the late 19th and early 20th centuries. Henry James said Kipling strikes me personally as the most complete man of genius as distinct from fine intelligence that I have ever known. In 1907 at the age of 42 he was awarded the Nobel Prize in Literature making him the first English language writer to receive the prize and its youngest recipient to date. He was also sounded out for the British Poet Laureateship and on several occasions for a knighthood both of which he declined. Kipling's subsequent reputation has changed according to the political and social climate of the age and the resulting contrasting views about him continued for much of the 20th century. George Orwell called him a prophet of British imperialism. Literary critic Douglas Kerr wrote Kipling is still an author who can inspire passionate disagreement and his place in literary and cultural history is far from settled. But as the age of the European empires recedes he is recognised as an incomparable if controversial interpreter of how empire was experienced. That and an increasing recognition of his extraordinary narrative gifts make him a force to be reckoned with.

William Heath Robinson (31 May 1872 – 13 September 1944) was an English cartoonist and illustrator best known for drawings of ridiculously complicated machines for achieving simple objectives. In the UK the term Heath Robinson entered the language during the 1914–1918 First World War as a description of any unnecessarily complex and implausible contrivance, much as Rube Goldberg machines came to be used in the US from the 1920s onwards as a term for similar efforts. Heath Robinson contraption is perhaps more often used in relation to temporary fixes using ingenuity and whatever is to hand, often string and tape or unlikely cannibalisations. Its continuing popularity was undoubtedly linked to Second World War Britain's shortages and the need to make do and mend.
